

NEWS LETTER FOR MAY JUNE JULY 2025.

Please receive our sincere appreciations for your hearty concern and sympathetic consideration for moral and financial support of;

Prayers and guidance

→Finances

Advise, we also bring an update of the progress of the work of ministry for these tree months.

Advise

We also bring an update of the progress of the work of ministry for these three months.

I. ACCOMPLISHMENTS

a) Church Planting

We managed to preach in the rural villages and planted three local churches in the following locations;

- i) Zanzibar Island
- ii) Mkurambati –Boko (Kibaha) in Coast Region
- iii) Isanga – Mbeya Region (Southern highlands)

b) Ordinations of Ministers

We appointed and ordained pastors for the local pastors. Hence the work of God is progressing well.

c) Completion of Construction

We thank God for His provision through various donations that finally we completed the building which is accommodating the Tailoring School. It is anticipated the first intake will be September 2025.

II. OUR APPEAL FOR MAJOR NEEDS

- a) Among the local churches recently established, two face a challenge of plots (land) which to construct permanent sanctuary. Currently we hired small halls so they can continue with the conduct of worship services.

However, in Zanzibar Island – occupied mostly by Muslims, a plot is available for sale to the church at a rather high rate of **\$ 4000**. At Mkurambati (Tanzania Mainland), a plot is also available for **\$ 3000**

- b) Purchase of 15 Tailoring Machines

We need to purchase the machines for use in the training. The price of each is **\$ 120**. The total is **\$ 1,860**

Training materials also needed to be purchased for \$1,000

III. CONCLUSION

Our sincere request and prayers is for continued support, which should be channeled through IFCA.
