## PROGRESS REPORT FROM TANZANIA

I am happy from the bottom of my heart for how God's work growing very fast. It is six months now, April – September 2025. This has been a period of great success to us, First is the inauguration of the Projects Building funded by Friends, a building where we have started with Tailoring, Computer and English courses .During this period we have also been able to plant and start the following churches.

- (1) Isanga in Mbeya Region
- (2) Zanzibar Islands
- (3) Misale in Morogoro Region
- (4) Mkarambati in coast Region and
- (5) Kalemie in Democratic Republic of Congo(DRC)

We have done Evangelism, face to face & house to house Evangelism, Crusades and Inner Seminars. On 29/9/2025 we expect to run a two weeks school of ministry for Pastors who are new and have never been to Bible Schools.

## CHALLENGES

Despite these success, we face the following challenges;

- (1) Places of meeting to worship, Buildings. Tanzanian churches face difficulties despite the great response when the Gospel is preached.

TRANSPORT: Our current Van is old and worn out, it needs replacement. We spent a lot of money to repair it, sometimes we have to sleep in the bush waiting the Van get repaired.

To get a strong, good vehicle we need **\$ 50,000** or a used strong one cost **\$25,000-\$30,000**.

## KANGAZA ORPHAGE HOME

This is an orphanage Home for many years, there is an old Building, where more than 60 children live. The home is experiencing serious shortage of money of running it. If the situation continues, we are thinking to close it by 2026. The children do not have school fees, regular clothes and uniforms, food and fare to school and to the medical centers. There are orphans who are victims of AIDS and other suffer from epilepsy.

## CONCLUSION & APPEAL

We are very grateful for your prayers, advice and support, without you we would not do it alone: So continue to pray and support: All donations through:

### WORLD IMPACT NETWORK
