We will have available for the parents' review: License certificate, results of the most recent licensing inspection, including any rule violations cited by the department and any notice of enforcement action including, license revocation or denial and any stipulations, conditions, exceptions, or exemptions that affect the license issued by the Department as soon as it is received. These items will remain posted until the violation(s) has been verified as corrected and the action is closed.

We will post the following items for parents' review: center policies, parental notices and any other parent information.

Little Light Of Mine LLC is covered by liability insurance which provides coverage that meets or exceeds the amounts specified by licensing rules or law as applicable.

Parents or authorized adults are required to bring children into the building and to sign the children in at the beginning of the day (documenting arrival time) and sign them out at the end of the day (documenting departure time). Staff will maintain classroom attendance records recording children's arrivals and departures as they occur to ensure an accurate, on-going accounting of the children's whereabouts at all times. Comparison of the attendance record to the actual children in care will occur at each transition and frequently throughout the day.

Children may be enrolled on a full-time basis (25-50 hours per week), or a part-time basis (under 25 hours per week) Little Light Of Mine LLC will accept children for drop-in care if prior enrollment arrangements have been made, enrollment forms are on file, and space is available.

If so, we will need a copy of the order. Please understand that we cannot legally limit access to a parent if there is not a copy of a court order on file at the center.

Children will only be released to persons listed on the enrollment form. If anyone other than the child's parent or someone who is listed on the enrollment form is to pick up a child, we need to be notified in writing or by a telephone call in advance. The person picking up the child may need to show a driver's license or other picture ID.

If parents wish to allow a school-age child to leave or arrive at the center unescorted, they must provide written authorization for this activity by completing DCF-104, "Alternate Arrival/Release Agreement." School-age children who leave the center unescorted must be traveling to home, school or another activity where adult supervision is present.

If the parent or other authorized person arrives to pick up a child and that person appears to be intoxicated or under the influence of drugs, all reasonable steps will be taken to prevent the person from leaving with the child, including offering to call a cab or another contact person. While staff cannot

legally withhold a child from the legal guardian, we will not hesitate to call the local authorities if we feel the child is in danger.

Little Light Of Mine LLC does not have pets on the premises. Prior to adding pets to the center, staff will notify parents in writing.

Accesses to children's records Parents have full access to review their child's records. Please call the main number to make a request to review the records so that they can be prepared for you.

CONCEALED WEAPONS IN GROUP CHILD CARE SETTINGS

Little Light Of Mine LLC in accordance with licensing rules per Wisconsin Department of Children and Families, DCF 251.06 (2 (c) addresses the presence of firearms and ammunition in a licensed group child care center as follows: Firearms, ammunition and other potentially dangerous items may not be kept on the premises of a center.

Premises - means the tract of land on which the center is located, including all buildings and structures on that land. Little Light Of Mine LLC does not allow concealed weapons to be carried on persons (any person or employee entering the building), or on the premises of Little Light Of Mine LLC. If a person is found to be in noncompliance with this regulation they will be asked to vacate the premises. If a person should refuse to vacate the premises the local authorities will be contacted. Anyone having questions regarding this policy should contact the Department of Children and Families at http://dcf.wisconsin.gov/memos/BRL/2011/2011_06.pdf.

DISCHARGE OF ENROLLED CHILDREN

Child's progress communication between center and parents:

It is important that we communicate daily concerning the needs and interests of each child. If there are issues or concerns that need to be discussed, parents should arrange with us a convenient time to talk on the phone. To foster communication on a regular basis, Little Light Of Mine LLC provides written newsletters/parent bulletin board and daily conversations.

Circumstances and procedures for termination of enrollment

Child related:

Little Light Of Mine LLC will regularly advise parents on their child's progress through daily sheets, verbal notification and/or scheduled conferences. When children have problems adjusting to the center's daily schedule and classroom rules, parents will be notified through any or all of the following avenues: Daily sheets, verbal, or written notification, video documentation, and/or scheduled conferences. The Teacher, Administrator, or Owner will state her concerns and discuss observations made of the child's behavior, and the parent/s and Little Light Of Mine Staff will work together to develop a plan to improve the situation. If after two weeks the behaviors have not improved, the parents and and Little Light Of Mine Staff will either revise the action plan or decide to terminate placement and refer the child to other services.

Parent related:

If the problem leading up to termination is due to non-compliance to the center's policy by the parents, the teacher will contact the parents for a face to face conference. At this meeting, the teacher will state her concerns and review and clarify agency policy with the parents. Input from parents will be encouraged so that common understanding can be reached. If after 2 weeks the same problems are still present, parents will be advised in writing that their child's enrollment will be terminated. Parents will be given a minimum 2 weeks' notice regarding the termination of their child's enrollment. The parent will be responsible for child care fees for the final 2 weeks even if the child does not attend.

Time Frame & Verbal vs. written notice:

Parents must give a 2 week written notice of their intent to withdraw the child/children and will be required to pay for those 2 weeks whether or not children attend.

Should the center decide to terminate a child's enrollment, the parents will be notified in a face to face meeting. In this meeting, parents will be told verbally as well as in writing of their child's termination. Parents will be given a minimum 2 weeks' notice regarding the termination of their child's enrollment, unless violent behavior is involved. If violent behavior is involved, the center may terminate care immediately for the safety of all involved. The parent will be responsible for child care fees for the final 2 weeks even if the child does not attend.

Parent initiated mutual decision, center initiated, and involuntary discharge:

A child may be discharged from the center for many reasons. Often **parents initiate** the termination. Occasionally, after an action plan has been tried without good results, the center and the parents come to a **mutual decision** to end the child's enrollment. In some circumstances the termination may be **center initiated**. In either case a written two weeks notice is required and parents will pay the full two weeks even if the child does not attend.

Involuntary discharge of a child could result for the following reasons:

1. Failure to pay fees on time. (Grounds for immediate termination, without advance notice.)
2. Lack of parental cooperation
3. Inability of child care program to meet the needs of the child. Staff will consult with the parent concerning how any problems might be solved before ending the care arrangement. These steps will be documented in the child's file. The parent will be referred to other community resources.
4. Repeated failure to pick up the child at scheduled time.
5. Failure to complete and return required forms.

Behavior related discharges. Acting out, inability to follow classroom rules, inability to follow teacher's directions are all examples of reasons why a child could be discharged due to behavior. Any violent or threatening behavior towards Teachers or students is grounds for suspension. Three or more cases of violent or threatening behavior will result in immediate termination. Violent or threatening behavior would include but is not limited to hitting, pushing, pinching, throwing things at Teachers or students, purposely knocking things over that could be harm Teachers or students, or verbally threatening Teachers or students. Other disturbing behavior such as inappropriate touching, continuous bad language, and or repetitive refusal to listen to classroom rules can result in suspension or immediate discharge.

Steps will be taken prior to child's discharge. All efforts will be made to work out a plan for behavior management between staff and the parents to see if problematic behaviors can be managed and/or corrected. The details of behavior will be shared/discussed with parent/s. Input from parent/s on behavior management is vital. If after two weeks the behaviors have not improved, Little Light Of Mine staff will discuss whether or not to revise the action plan or to terminate placement and refer the child to other services. All meetings, behavior plans and outcomes will be documented and placed in the child's file.

Outside agency involvement:

Prior to any child being terminated, efforts may be made to seek additional services from other care providers to address the problem. For example, children may be referred to a physician for a vision or hearing screening. Referrals to birth to 3, speech and language screenings are some of the outside agencies that could be utilized. Should the child require additional services that are not available directly through the center, an outside agency may be contacted to meet those needs. Staff will consult with parents before contacting any outside agency.

Decision making:

All decisions regarding the discharge of enrolled children will be decided by Ann Bieringer, and are summarized in the section above, *Circumstances and procedures for termination of enrollment.*

Discrimination issues:

If you feel your child has been discharged due to discrimination, please bring these concerns to the director for a thorough review. It is our policy to never refuse to enroll a child on the basis of race, sex, color, creed, political persuasion, national origin, handicap, ancestry or sexual orientation.

Appeal process:

Should you disagree with the termination of your child for any **reason**, please discuss your concerns with the Administrator.

Reasons: e.g. fee payment, policy compliance

Little Light Of Mine LLC will give 2 weeks written notice of our intent to discharge a child (and try to inform parents of local resources that may be of help to them), except when due to parent's failure to keep current with fees owed. Parents are expected to comply with all the policies and procedures of the day care center; failure to comply could result in the termination of your child's enrollment.

FEE PAYMENT AND REFUNDS

- If there will be a third party payment, as from an employer or the county, a special payment schedule will be arranged and detailed in the contract. Parents will be responsible for any specified co-payments or unpaid amounts.
- **Refunds** will NOT be given for days when children do not attend for illness or other reasons. Parents are given 10 "sick days/vacation" that they can use at their discretion (doctor visits, vacation etc....) they will be charged HALF the usual rate for those days, if the center is not given 2 weeks notice. If the center is given 2 weeks notice they can use the 10 "sick days/vacation" at no charge. After all 10 "sick days/vacation" are used FULL rate will be charged. "Sick days/vacation" renew on the anniversary of child's enrollment.
- The Director will establish a regular rate based on each child's hours of enrollment.
- There will be a 10% discount given to families enrolled full time at Little Light Of Mine LLC with 2 or more children.
- Little Light Of Mine LLC does charge a registration fee. A registration fee of \$100 must be paid prior to enrollment.
- There will be an extra fee assessed for late payment (\$5/day) or late pick up of a child (\$5/every 10min). Late pick up of a child is defined as any time later than the contracted pick up time. If a child is picked up after contracted pick up time a late fee of \$5/every 10min will be charged. (Please see FEES FORM)
You will be charged an additional fee of \$25 NSF FEE CHARGED if your check does not clear the bank.

Fee determination methods (attendance, parent sign in) Little Light Of Mine LLC will charge a fee based on your child's hours of enrollment. These fees are outlined in the rate sheet. A contract will be drafted and signed by parents with an agreement on the rate per week/day for your child's care. Additional fees will be assessed for additional hours beyond those outlined in the parent contract. **Parents should review attendance sheets each week and sign them** verifying hours of attendance. There will be **additional fees for field trips and enrichment activities** from time to time. Parents will be advised of any additional fees in writing two weeks in advance.

A full-time rate is offered for children who will be in care for 25 or more hours per week.

A part-time rate is offered for children who will be in care for less than 25 hours per week.

CHILD EDUCATION POLICY

There is a religious component to our program. We do offer mealtime prayers, songs, stories or displays of the religious aspects, we do celebrate religious holidays. We will recognize or celebrate the following religious and national holidays: New Year's Eve/Day, Martin Luther King Jr. Day, President's Day, Valentine's Day, Easter, Mother's Day, Memorial Day, Father's Day, Independence Day, Labor Day, Thanksgiving, and Christmas.

Groups of children may be combined at the beginning and at the end of any given day. Being that Little Light Of Mine LLC is open in the early morning and late afternoon we have a written plan for activities which meet the individual needs of the children during those time periods. Activities at the beginning and at the end of the day will be designed for a wide age range of children working and playing together. Our plan includes opportunities for children to rest and eat and to use materials and engage in activities which for the most part do not duplicate activities planned for the major part of our program. Children transitioning from one room to another will choose a couple favorite toys from previous classroom to make transition easier, they will also spend visiting the class the weeks leading up to transition.

The Wisconsin Model Early Learning Standards are voluntary standards that were designed to help centers develop programs and curriculum to help ensure that children are exposed to activities and opportunities that will prepare them for success in school and into the future. The Standards are primarily intended as guidance on developmentally appropriate expectations and are not intended to be used as a checklist to gauge a child's progress. The Standards are based on scientific research. Copies of the Wisconsin Model Early Learning Standards are available on the Wisconsin Early Childhood

Collaborating Partners website at <http://www.collaboratingpartners.com> or through the Child Care Information Center at 1-800-362-7353.

A schedule of daily activities is posted in each classroom. A program of activities is planned a week in advance. Staff uses a variety of resources in their planning. We will also use the services of the Wisconsin Child Care Information Center (800-362-7353) and access their resources to plan activities. The activities focus on a weekly theme based on the interests of the children and lesson plans are available for parents to review.

Children, including infants, toddlers and school age children will go outdoors twice daily when weather permits, so dress your child appropriately for the weather. Make sure they wear sturdy shoes that will let them be very active. We will be climbing, running, swinging, and participating in group led activities. All activities will be supervised by a classroom teacher. When weather does not permit outdoor play,

Little Light Of Mine LLC will provide other indoor activities that will get children moving and developing both large and small motor skills.

There is an outdoor play space on the premises of the center. Trampolines and inflatable bounce surfaces are not allowed. If we choose to provide a wading pool for the children, staff will be outside providing sight and sound supervision when the wading pool contains water and is present in the outdoor play space.

We do not have a swimming pool on the premises. The center may be using an off-premises pool, wading pool, water attraction or beach for the children. If we decide to utilize any of these off-premises, water-oriented facilities, staff will follow all safety and supervision requirements as specified by licensing rules.

Little Light Of Mine LLC staff will plan activities and provide children with a variety of experiences. Learning through play is the major component of our program. Enough time, materials and space will be provided for children to actively explore the world around them. Children will have an opportunity to use a variety of art materials, manipulative and housekeeping equipment. Our curriculum will provide exposure to a variety of cultures through music, stories, games and art, and we will celebrate how we are all the same and how we are all different from one another. Routines such as toileting and eating and intervals between activities are planned to avoid keeping children waiting in lines or assembled in large groups.

Children under two years of age will have a flexible schedule, which reflects the child's individual needs. They will be given individual attention including lots of time for talking. The body position of non-mobile infants and their location in the center will be changed frequently. We will provide safe, open spaces for children whom are creeping and crawling. Infants and toddlers will be encouraged to play with a wide variety of safe toys and objects. A written report will be maintained documenting what each child ate, when they slept and when they wet or soiled a diaper. We will use this report to share information with parents about the child's activities and disposition for that specific day.

Preschool and school age children will have opportunities to play and explore their surroundings. They will be given many learning experiences in a variety of developmental areas that are age appropriate. Daily activities will include math, science, large and small muscle movement, art and literacy.

At Little Light Of Mine LLC, we promote healthy habits from the earliest years by making physical activity and nutrition a part of daily routines. Infants are provided opportunities for tummy time three times each day while they are awake. Use of equipment that restricts movements, such as swings and bouncy chairs is limited and is used for no more than 15 minutes at a time. Mobile children under the age of 2 are provided with at least 90 minutes of physical activity for every 8 hours in care, with 30 minutes being led by a teacher. Children two and older are provided with 120 minutes of physical activity for every 8 hours in care, with 60 minutes being led by a teacher. Our staff regularly encourages children to be active and join others in active play both indoors and outdoors. Our opportunities for physical activity are based in play and are developmentally appropriate. Activities are fun and engaging and draw upon a variety of gross motor skills. Children choose when to participate and when to rest. Preschool age children are rarely seated for more than 30 minutes.

As part of nutrition program we would like to focus on as much Organic or All Natural foods as possible while still maintaining cost, and serving food kids like. We will serve Organic 1% or Organic Whole milk to children at Little Light Of Mine LLC.

Little Light Of Mine LLC limits screen time. We discourage the use of screen time for children under the age of 2 years old. Older children may occasionally have screen time. No child is forced to engage screen time. Other developmentally appropriate activities are made available to children.

Night Care

We are not licensed to provide care between the hours of 9 P.M. and 5 A.M.

It is important that we communicate daily concerning the needs and interests of each child. The center is required to offer parent-staff conference opportunities at least 2 times per year to discuss the child's growth and development and adjustment to the program. If there are issues or concerns that need to be discussed, parents should arrange with us a convenient time to talk on the phone. To foster communication on a regular basis, Little Light Of Mine LLC provides scheduled conferences/written newsletters/parent bulletin board and daily conversations. To support healthy development, we intentionally include information about physical activity, gross motor development and nutrition in our communications with families.

With parental consent and consultation, we try our best to coordinate programming activities with the local school district, Birth to Three agency and/or any other agency for those families who have children who may have an Individualized Family Service Plan (IFSP) or an Individualized Education Plan (IEP)

We occasionally take field trips, including walks around the neighborhood. Emergency information for each child will be taken whenever the children leave the premises. You will be notified in advance of any field trip requiring transportation.

Little Light Of Mine LLC has a written program of activities which are suitable for the developmental level of each child and each group of children. We base our curriculum on the HighScope educational approach. The program provides each child with experiences which will promote all of the following:

self-esteem and positive self-image, social interaction, self-expression and communication skills, creative expression, large and small muscle development, intellectual growth and literacy.

Rest or naptime will be provided for all children younger than five years of age who are in care for more than four consecutive hours. Bedding will be laundered after every five uses, or sooner if necessary. Children who are awake after 30 minutes of resting will be allowed opportunity for quiet play.

A crib or playpen is provided for each child less than one year of age. Children age one and older will sleep on a nap mat with a sheet provided by the center, a small light weight blanket will be purchased at the center, and kept at the center, each child will have their own blanket labeled with their name, used exclusively by that child, and laundered by the center after every 5 uses.

CHILD GUIDANCE POLICY

Children's behavior will be guided by setting clear limits or rules for children. We will talk with children about expected behaviors and model those behaviors consistently for them. We will state positively what children can do, using specific terms; e.g. "you need to use an inside voice" rather than "don't yell"). Undesirable behavior will be redirected to another activity. Children will be given a wide variety of age-appropriate activities to choose from and will be given the attention they need before they demand it. Behavior management will be for the purpose of helping children develop self-control, self-esteem and respect for the rights of others. Opportunities for physical activity are not withheld as a behavior management strategy. Children are redirected to safe physical activities and are involved in discussion about safety concerns, when necessary.

When a child is crying, fussy or distraught, staff will work to calm and comfort the child, in ways that are appropriate for the child's age and personal disposition. This may include stroking, cuddling, rocking; offering a drink; acknowledging the child's fear, or separation sadness, or conflict; distracting or redirecting to another activity; talking calmly with the child about how s/he is feeling or what has happened. If the unhappiness persists, we may contact a parent to share what is occurring, and inquire if this might indicate onset of an illness.

"Time-Out" is a guidance technique that can be effective when dealing with unacceptable behaviors of young children. Time outs may not be used with children under age 3, and never for more than 5 minutes. The term 'time-out' is short for 'time out from positive reinforcement.' The strategy is similar to an extended form time from all sources of reinforcement (e.g., teacher and peer attention) following serious challenging behavior of selectively ignoring disruptive behavior. Children are removed for a brief. Usually this strategy requires that a child be removed from an ongoing activity for a brief time, typically by having a child sit on the outside of the activity within the classroom until the child calms down and is ready to rejoin the activity and try again. Time-out is intended to be a non-violent response to conflict that stops the conflict, protects the victim, and provides a 'cooling off period' for the child.

"Time-out" is only effective when used in the context of a comprehensive approach to behavior support that is designed to teach, nurture and encourage positive social behaviors. Time-out should be used only

by well-trained teachers and caregivers when less intrusive discipline procedures have been tried and deemed unsuccessful and only in combination with positive procedures designed to teach new skills and prevent challenging behaviors from occurring.... Effective management of behavior should always start with praise and encouragement for pro-social behavior and self-regulation and be accompanied by distraction, redirection, withdrawal of attention, and logical and natural consequences." The child will be praised after completing the time-out, and will be helped to rejoin the group.

Biting Policy

Please see attached Biting Policy Form

We recognize that no single technique will work with children every time. If a child exhibits unacceptable behavior, we will request a conference with parents to consider how to deal with the behavior. If the behavior continues, the next steps may include referrals to appropriate community resources, and/or discharge of the child from care. In accordance with "Wisconsin Rules for Group Child Care Centers," actions that are aversive, cruel, humiliating, and actions that may be psychologically, emotionally or physically painful, discomfoting, dangerous or potentially injurious are prohibited. Prohibited actions include spanking, hitting, pinching, shaking, slapping, twisting, or inflicting any other form of corporal punishment on the child; verbal abuse threats or derogatory remarks about the child or the child's family; physical restraint, binding or tying the child to restrict the child's movement or enclosing the child in a confined space such as a closet, locked room, box or similar cubicle; withholding or forcing meals, snacks or naps; punishing a child for lapses in toilet training. These forms of punishment will never be used, even at a parent's request.

CONTINGENCY PLANS

Fire and Tornado evacuation plans will be practiced monthly. The Director or Administrator will document dates of fire and tornado drills and the weekly testing of smoke detectors on a form provided by the state.

In case of an emergency that would require an evacuation, children will be evacuated by all available staff through the nearest exit. The attendance form and list of phone numbers for parents and emergency contacts will be taken out by the staff member designated to be "in charge" to assure that all children are accounted for and all families can be notified. Infants will be evacuated four to a crib with emergency provisions and all children will be taken outdoors to the soccer field in the back of the building. The director or person in charge will check classrooms, bathrooms and staff areas to make sure all persons are evacuated. The director or person in charge will call the all clear to re-enter the building once it is safe to do so. If we are unable to return to the building following an evacuation, the children will be taken to Southwest YMCA located at 11311 W Howard Ave, Greenfield WI 53228 until parents or other authorized adult can be reached and come for them.

In the event of a tornado warning, the children will be taken to the hallway directly West of daycare room by all available staff members. Blankets, a portable radio and flashlight, with extra batteries for both, are kept in the tornado shelter area at all times. The attendance form and emergency contact information will be brought along by the staff member designated to be "in charge". The director or person in charge will check classrooms, bathrooms and staff areas to make sure all persons are evacuated. Staff will engage the children in quiet activities until we are assured by the authorities that the danger has passed. Tornado drills will be conducted monthly from April to October.

In the event of a lost child, I will check all areas of the center. If the child cannot be found, the child's parents and / or emergency contact and the police will be notified immediately. I will notify the

Department within 24 hours after the occurrence. If a staff member is alone on the premise they will contact the five minute emergency person.

In the event of severe weather children will be kept in doors and if necessary tornado evacuation plan will be initiated.

Procedures for extreme heat or cold

The children may be kept indoors during inclement weather such as any of the following:

- Heavy rain
- Temperatures above 90 degrees F.
- Wind chills of 0 degrees F. or below for children age 2 and above
- Wind chills of 20 degrees F. or below for children under age 2

If there is a threat to the building or occupants we follow the American Red Cross Guidelines available at: <http://www.redcross.org/prepare/disaster> depending on what the emergency may be. If possible, evacuation of the building will be initiated using the fire evacuation procedure. If it is not possible to evacuate the building each classroom will take cover in a secure area. The main door will be closed and 911 will be called. The teacher will keep children calm and in one area of the room until the threat has passed or police or fire department has arrived. Law enforcement and the parents will be immediately contacted to advise them of the threat.

Loss of building services procedures are as follows, if the center should lose the use of heat, water or electricity before the center opens; parents will be notified by 6:00 AM and will be advised that the center is closed and the parent will be responsible for finding alternate care for their child until the situation is resolved.

If the center should lose the use of heat, water or electricity while children are in attendance, Ann Bieringer will call the parents of all children to let them know the center will be closing and advise them to pick their child/children up within one hour.

If there is a medical emergency with a child or adult staff will perform first aid, initialing check, call, and care procedure. Children who are present will be taken from the area calmly by available staff for supervision and safety.

Child's absence without notification procedures are as follows. If a child who is scheduled to arrive at the center, does not arrive within 30 minutes of the specified time on the written agreement signed by the parent, and we have not been informed in advance of the child's absence, we will attempt to contact the parent or guardian to determine the child's whereabouts. If a child is transported to the center and does not arrive and we have not been informed they will not be attending we will attempt to contact the facility from which they were transported from to determine their whereabouts. All attempted contacts will be documented.

Attendance will be kept in each classroom daily arrival/departure times recorded via accurate documentation for each group of children. During early AM arrival and late PM pick-up, teachers will be kept aware of children they're responsible for, as rooms are condensed and staff leaves the center.

Teachers will know the names of each child and their whereabouts at all times. Parent or guardian will sign in and out each student daily with the supervision of a staff member.
