Re: Professional Speaker Letter for Richard Halpern

To whom it may concern,

The Oregon Head Start Association would like to recommend Richard Halpern from Coach4Parents as a speaker. He recently joined us at our 2018 Parent Leadership and Winter Conferences speaking about screen time. His sessions have all received outstanding reviews.

Some of the comments we received from his sessions include "super helpful," "thank you for all the useful information," "amazing," and "the best breakout session I attended."

People enjoyed his presentations so much that they requested more time to cover the topic and requested he return to offer more trainings.

Sincerely,

A handwritten signature in black ink, appearing to read "Tristin Mock". The signature is fluid and cursive, with a long horizontal stroke at the end.

Tristin Mock
