VIRTUAL

Annual Conference & Exhibition

Friday, June 24

The Arizona Chapter of the American Academy of Pediatrics (AZAAP) annual **Pediatrics in the Red Rocks Conference** will be virtual in 2022 for the continued safety of our members and partners. The program will include one-day of virtual live educational sessions along with five on-demand sessions for attendees, a virtual exhibit hall, a virtual poster session, and other ways for attendees to connect and communicate.

The annual conference and exhibition continues to be the premiere event for Arizona pediatricians and other pediatric health care professionals to join together for quality education, knowledge sharing, dynamic speakers, and of course, product and services shopping.

The virtual exhibit hall makes it easy for attendees to learn more about your organization's products and services, as well as enter drawings for giveaways. We invite you to participate as an exhibitor and use this opportunity to gain exposure among pediatric health care professionals from across the state. This information packet will help you determine which opportunity provides the maximum visibility for your organization or company.

The support of our generous exhibitors and sponsors will be acknowledged in a variety of different places leading up to and throughout the activity. Please use the agreement form enclosed in this packet to confirm your participation.
