

2021 AzAAP Virtual Annual Conference and Exhibition
Live Internet Course and Enduring Material
Friday, June 25, 2021 through September 24, 2021

Attendees: Prior to the start of the activity, please review the below information to ensure successful participation in this blended activity (which includes one day of an internet live course and an additional 15 on-demand enduring sessions)

Accreditation and Designation Statements

The Arizona Chapter of the American Academy of Pediatrics is accredited by the Arizona Medical Association to provide continuing medical education for physicians.

The Arizona Chapter of the American Academy of Pediatrics designates this other educational activity (internet live and enduring) for a maximum of 20.00 *AMA PRA Category 1 Credit™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of and feedback to the learner, enables the participant to earn 5.00 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

Purpose of Course

The conference has been designed with the goal to develop, maintain, and increase the knowledge, skills, and professional performance of pediatric healthcare providers by providing them with the highest quality, most relevant and accessible educational experiences possible.

Learning Objectives

A complete listing of learning objectives for all courses can be [found here](#).

Target Audience

The course is ideal for primary care pediatricians, pediatric hospitalists, pediatric subspecialists, hospital and university faculty, residents, medical students, or nurse practitioners.

Disclosure of Commercial Support for AzAAP CME Activities

AzAAP gratefully acknowledges financial support for this activity in the form of an unrestricted educational grant from the American Academy of Pediatrics (AAP) supported by Abbott Nutrition. Other conference supporters include Banner Children's, First Things First, HonorHealth Shea Medical Center, Phoenix Children's Hospital - Phoenix Children's Fetal Care Center, and Southwest Human Development.

**Sponsors are neither recommended nor endorsed by the Arizona Chapter of the American Academy of Pediatrics.*

Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AzAAP CME Activities

In order to support the professional needs of its members, the AzAAP Continuing Medical Education (CME) program develops, maintains, and improves the competence, skills, and professional performance of pediatricians and pediatric healthcare professionals by providing quality, relevant, accessible, and effective educational experiences that address gaps in professional practice. The AzAAP CME program strives to meet the educational needs of pediatricians and pediatric healthcare professionals and support their lifelong learning with a goal of improving care for children and families.

The AzAAP recognizes that there are a variety of financial relationships between individuals and commercial interests that require review to identify possible conflicts of interest in a CME activity. This policy is designed to ensure quality, objective, balanced, and scientifically rigorous AzAAP provided or jointly provided CME activities by identifying and resolving all potential conflicts of interest prior to the confirmation of service of those in a position to influence and/or control CME content.

All AzAAP CME activities will strictly adhere to the *Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support: Standards to Ensure the Independence of CME Activities*. In accordance with these Standards, the following decisions will be made free of the control of a commercial interest: identification of CME needs, determination of educational

objectives, selection and presentation of content, selection of all persons and organizations that will be in a position to control the content, selection of educational methods, and evaluation of the CME activity (ACCME Standard 1.1).

The purpose of this policy and its associated procedures is to ensure all potential conflicts of interest are identified and mechanisms to resolve them prior to the CME activity are implemented in ways that are consistent with the public good.

DISCLOSURE OF FINANCIAL RELATIONSHIPS

All individuals in a position to influence and/or control the content of AzAAP CME activities are required to disclose to the AzAAP and subsequently to learners that the individual either has no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. Listed below are the disclosures provided by individuals in a position to influence and/or control CME activity content. * A commercial interest is defined as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients.

Name	Role	Relevant Financial Relationship (Please indicate Yes or No)	Name of Commercial Interest(s)* Please list name(s) of entity <u>AND</u> Nature of Relevant Financial Relationship(s) (Please list: Research Grant, Speaker's Bureau, Stock/Bonds excluding mutual funds, Consultant, Other - identify)	Disclosure of Off-Label (Unapproved)/Investigational Uses of Products AzAAP CME faculty are required to disclose to the AzAAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. <u>(Do intend to discuss or Do not intend to discuss)</u>

List of Principal Faculty and Credentials

Veenod L. Chulani, MD, MSED, FAAP, FSAHM, CEDS
Atsuko Koyama, MD, MPH
Hilary McClafferty, MD, FAAP
Shauna Schroeder, MS, MD
Mark D. Wheeler, MD, FAAP

List of Additional Panel Presenter(s) and Credentials

Jennifer R. Caplan, MD, FAAP
Alissa Darden, MD, FAAP
Sean P. Elliott, MD, FAAP
Diane E. Hindman, MD, PharmD, BScPhm, FAAP
Merlin (Chan) Lowe, MD, FAAP, SFHM
Priti Rawani-Patel, MD
Lindsey Retterath, MD
Mazda Shirazi, MD, PhD
Jillian Wall, MD, MPH, FAAP

Disclosure of Unlabeled Use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

On-Demand Session: COVID-19: A Pediatric Perspective and Update

This educational activity may contain a discussion of interventions (supported by best available evidence) for COVID-19, a majority of which have not been approved by the FDA yet or have only been given Emergency-Use Authorization.

On-Demand Session: Vaping and E-Cigarettes 101

Although not recommending their use, Dr. Jillian Wall will mention commercial products in the presentation related to electronic cigarettes. She will not be mentioning unapproved medications or devices.

On-Demand Session: The 411 and 911 of Contraception

Dr. Atsuko Koyama may present methods for contraception not yet approved by the FDA supported by best available evidence to support her conclusions/recommendations.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.

Method of Participation, Minimum Performance Level, and Credit Claiming

Participants will participate in the course via the virtual conference platform with an internet connection. Upon completion of the activity, participants will receive a CME certificate for their records and to claim credit commensurate with the extent of their participation in the activity.

Attendance for the live courses being held on Friday, June 25th is required for CME credit – the live courses WILL NOT be available for access beyond the scheduled date and time. On-demand content will be available starting the day after sessions conclude on June 26th throughout the 90-day completion period ending Friday, September 24, 2021. A CME certificate can be downloaded via the conference platform at any point during the 90-day completion period and will populate the number of credit hours you have successfully completed. If you download a certificate too early and decide to complete additional courses, you have the option to download the certificate again for a copy that reflects your updated participation. Physicians should only claim credit commensurate with the extent of their participation in the activity.

MOC Points

Successful completion of the CME courses associated with the June 25th live program, which includes participation in the activity, with individual assessments of and feedback to the learner, enables the participant to earn 5.00 MOC points. For MOC credit, participants will be prompted to complete an electronic post-quiz based on the content of the live activity upon completion of the activity. Learners will be provided with up to three opportunities to take and pass the electronic post-test containing a series of multiple-choice questions which correspond with the educational content of the course. Participants must successfully complete the post activity quiz with a minimum passing score of 80% or higher **by Friday, July 9**, in order to receive MOC credit for this activity. Upon submission of the quiz and verification of the 80% minimum passing score requirement, participants will be granted credit. **The CME activity provider will submit participant completion information to ACCME for the purpose of granting ABP MOC credit.**

Name of Medium or Combination of Media Used

Blended internet live course and enduring materials via a computer and internet connection for viewing and audio.

LOGIN AND CONNECTION

Join the conference platform: <https://azaap.ce21.com/guestbook/3322754>

Login with your personal information to access the course.

Once you have entered the virtual conference platform, you will find the live programs on the 'June 25th Live Activity' tab, and the on-demand programs via the 'On Demand Programs' tab.

List of Hardware/Software Requirements

TECHNOLOGY REQUIREMENTS: The virtual conference platform is mobile responsive, allowing you to participate with various personal electronic devices - computers, laptops, tablets, phones, etc. - with an internet connection.

- **Operating System:** We encourage you to use a computer, laptop, or tablet for ease of use and visibility. Additionally, we recommend Windows 8.1 or above, or Mac OS X 10.9 or above, for the best compatibility and viewing experience.
- **Web Browser:** The virtual conference platform is accessed via a web browser. All major browsers, including Google Chrome, Firefox, Microsoft Edge, Safari, and Opera, can be used. We recommend the latest version of Google Chrome for the best viewing experience!
- **Internet Connection:** With the conference being live in real-time, an internet connection is required. A hardwired internet connection is desired; however, Wi-Fi can be utilized, provided you have a strong, stable internet connection. Test your internet speed at <https://www.speedtest.net/> - you want your download speed to be at least 5 Mbps. If you run into any performance issues in viewing the conference, we recommend switching to a wired connection.
