

Your provider's office is participating in the Arizona Chapter of the American Academy of Pediatrics (AzAAP) *Vaccinate with Confidence* campaign in an effort to help educate patients, families, and the community on the importance of routine vaccinations that protect children and families from vaccine preventable diseases.

As part of this campaign, your provider's office/medical center has shared important vaccine-related messages on their social media. If you haven't already done so, please visit your provider's social media pages to check out these important messages.

Please scan the QR code or click the link below to access an anonymous survey that you can use to share your feedback.

Please complete by July 31, 2021.
