Puppy Training & Socialization

Services and Pricing

Puppy Parenthood Session

What to Expect: In this session we will teach you what to expect on the puppy parent journey, and dive in deep to discover foreseeable challenges and areas of growth. We'll work together to design a successful lifestyle plan which will drastically increase your success in raising a happy, confident, and well-adjusted dog. You will be provided with personalized coaching, training techniques, and learning material. Together, we will discuss your goals for your relationship with your dog, and you will learn the ABC's of canine behavior and communication to make achieving them easy! Instructions will primarily focus on common puppy challenges, including potty training, mouthing, exercise requirements, crate training, and basic obedience. You will receive a trainer designed shopping list on Amazon, customized for your puppy's needs, with recommended purchases that can add ease to your puppy raising experience. After this session, we will discuss plans for future training and socialization sessions if needed.

Duration: 2 hours

Cost: \$120

"Lil Puppy" Socialization Session [Dogs 3 months - 6 months old]

What to Expect: *Did you know* canine behaviorists believe puppies should experience 10 new people, places or unusual objects each week to prepare them for a well adjusted adulthood? [Yes, even before they've received all their vaccines!] Lil Puppy socialization sessions include one hour of positive socialization experiences for your puppy, and a 15-30 minute "listening" walk with a trainer. These sessions are created to prepare them for many of life's unexpected experiences! Socialized puppies grow up into calm and confident dogs, even when faced with unusual situations or strange environments- this is the goal! Our role is to guide puppies through positive experiences with new sights, sounds, and smells and pair them with rewards and affection. While making sure your puppy experiences all sorts of new stimulation is important, it is equally important that they are exposed to it at a pace that is healthy for their minds and developmental stages in order to avoid "flooding" or accidentally creating fears and phobias. Each puppy has different levels of comfort! Visitation sites include hardware stores, construction sites, playgrounds, pet stores, boardwalks, parking lots, farms, and/or environments with elderly/disabled people. Opportunities for introductions to various types of other animals may be available, as well.

They'll also receive a 15-30 minute "Listening Walk."

Includes free pick-up and drop off for dogs located in Oregon City (\$10 travel fee for other areas in Clackamas County.)

Duration: 15-30 minute walk, and 1 hour of Socialization

Cost: \$65

*****Puppy Socialization Session Special: Purchase two sessions and get the third half off!**

"Teen Pup" Socialization Session [Dogs 6 months - 1 year]

What to Expect: With our Socialization Adventures, your young dog will benefit from a one-on-one dedicated outdoor exploration through beautiful Oregon terrain or adventures through local city areas while receiving custom tailored socialization training. They'll spend at least 1 hour exploring new sights, sounds and smells at a local trail, park, or indoor visitation sites such as hardware stores, construction sites, playgrounds, pet stores, boardwalks, parking lots, farms, and/or environments with elderly/disabled people. Depending on your dog's specific training needs, they may also be able to enjoy off leash opportunities and/or guided dog park visitations. Includes a 30 minute "Listening Walk," if visiting a city/indoor location. Opportunities for introductions to various other types of animals may be available, as well.

Includes free pick-up and drop off for dogs located in Oregon City (\$10 travel fee for other areas in Clackamas County.)

Duration: 30 minute walk, and 1 hour of Socialization

Cost: \$55
