

KITTYHAWK

SAY 2023 *Soccer Season*

Dear Coaches / Parents,

Welcome to the Kittyhawk Area Soccer Association for Youth (SAY). The idea of SAY is to provide even competition in a recreational setting. We want the players to have fun playing soccer. **Winning is NOT the most important aspect of this soccer program, the objectives are working together as a team and learning to play soccer.**

Included with this letter is the schedule for your child's league, and the maps to the different fields can be located on the www.kittyhawksay.org website. If you have a question, contact your child's coach or District Representative, listed below, for an answer. Also included is the Code of Ethics for the players and parents. Our intent is to provide guidelines for proper behavior **before, during and after games**. We ask your support in adhering to this code and discussing its content with your child. **Please read this carefully, as the consequences for actions that violate the spirit and philosophy of SAY have been more clearly defined.**

Below is a list of District Representatives and their phone numbers. If you have a problem call your District Representative for guidance. It is our goal to have a complete program and we wish your input and involvement to better this program.

It is a great honor for us to have your child in our program!

Sincerely,

Your Kittyhawk Board of Directors
