Disney Descendants

Hello, everyone! I'm the Fairy Godmother, and I'm here to tell you a tale unlike any other...

A tale of heroes and villains, princesses and troublemakers, of being misunderstood, finding where you belong, and discovering that sometimes there's a little bit of good — and a little bit of wicked — in all of us.

But every fairy tale has a beginning...

And before we can understand our Disney Descendants, we need to travel back through the pages of Disney history — back to the stories that started it all.

Through the years, Disney has changed and grown. We've travelled from enchanted castles and beautiful princesses, to magical creatures, daring heroes and some of the most wonderfully wicked villains ever known.

And as those stories evolved... so did their characters.

Because what happens after happily ever after?

What happens when the heroes and villains grow up... and have children of their own?

Evolution of Disney

Well, that's where our story begins.

Meet Mal, daughter of the fearsome Maleficent.

Eve, daughter of the Evil Queen.

Jay, son of the scheming Jafar.

And Carlos, son of the fabulous — but frightening — Cruella de Vil.

And they're certainly not the only Villain Kids we'll meet along the way!

But how did the children of Disney's most infamous villains end up leaving the Isle of the Lost and finding themselves in the sparkling kingdom of Auradon?

Well... THAT is where things get interesting.

There'll be magic, mischief, friendship, love, betrayal and plenty of wickedness along the way.

But before we discover what happened to their descendants, we need to see how

Disney went from once upon a time... to a whole new generation.

So wave your magic wands, hold onto your glass slippers and get ready to Bibbidi-Bobbidi-Bust a Move as we travel through the stories, characters, heroes and villains that brought us here.

✨ It's time for... THE EVOLUTION OF DISNEY! ✨

Mickey Number 5

*Well, as we all know, the magic of Disney started with a mouse!
And no journey through the Evolution of Disney would be complete without
the mouse who started it all.*

*So put on your dancing shoes, sprinkle a little magic and join Mickey, Minnie
and all their friends as they Bibbidi-Bobbidi-shimmy and shake to-*
✨ MICKEY NO. 5! ✨

Did I Mention

Now that we've travelled through a little Disney history, it's time to find out what happened to our Villain Kids!

Mal, Evie, Jay and Carlos were given the chance to leave the Isle of the Lost and come to Auradon.

But Mal didn't arrive empty-handed. Her mother, Maleficent, had a wicked plan — steal my magic wand and set all the villains free!

And Mal had a few tricks of her own up her sleeve...

So watch out, or Mal might just put a spell on YOU!

You see, when Mal needed Prince Ben to fall hopelessly in love with her, a little magic did the trick. And suddenly, Ben was *VERY* keen to tell the whole kingdom exactly how he felt!

So we need your help, because things are about to get a little

R-I-D-I-C-U-L-O-U-S!

Now get ready to cheer on our Arendelle Combines as they bring a little Auradon magic to the stage.

Wands up, voices ready...

It's time to Bibbidi-Bobbidi-CHEER for...

✨ DID I MENTION! ✨

Beauty and the Beast

Now, you might be wondering... who exactly is this Prince Ben that Mal has put under her spell?

Well, every Descendant has a story — and Ben's began long before he was born.

Ben is the son of Belle and the Beast, whose own story taught us that sometimes things — and people — aren't always what they seem.

Belle looked beyond the Beast's frightening appearance and discovered the kind heart hidden underneath. And years later, their son Ben would be faced with a very similar choice when he decided to give the Villain Kids a chance.

Hmmmm... perhaps our fairy tales have a funny way of repeating themselves! But before Ben, before Mal and before Auradon, there was a beautiful girl who loved books, an enchanted castle and a tale as old as time.

So get ready to meet our very own little Belles as they Bibbidi-Bobbidi-Ballet their way through...

✨ BEAUTY AND THE BEAST! ✨

Mickey Minaj

Now, now... we've heard plenty about our Villain Kids being wicked, sassy and just a little bit naughty.

But who said the villains get to have *All* the fun?

You see, even in a fairy tale, a princess can have a little sass!

We've got Princess Jasmine, who definitely isn't afraid to speak her mind...

Ariel, who broke the rules and went after what she wanted...

Tiana, who showed us that a princess isn't afraid of a little hard work...

Belle, who certainly knows how to stand her ground...

Cinderella, who proved a little sparkle can change everything...

Sleeping Beauty, who's finally woken up and ready to bust a move...

And Snow White — well, after living with seven roommates, I think she's earned the right to get a little sassy!

And of course, you can't have a little magic without ME — the Fairy Godmother!

So Villain Kids, you'd better watch out...

Because the princesses have put down their crowns, kicked off their glass slippers and turned the sass *All* the way up!

Bibbidi... Bobbidi... BOOM!

👑 ✨ It's time for MICKY MINAJ! ✨ 👑

It's Going Down

Oh dear... I hope you've got your sea legs ready, because our story is heading out onto the high seas!

Meet Uma — daughter of the sea witch Ursula, and one VK who is definitely NOT happy about being left behind on the Isle of the Lost.

With her pirate crew by her side, Uma is ready to show Mal and the VKs that they aren't the only ones who know how to cause a little trouble.

And unfortunately for Ben, he's found himself right in the middle of it!

Uma has captured the King of Auradon, the VKs have come to rescue him, and now both sides are facing off in one HUGE battle.

Will Mal and the VKs save Ben? Will Uma and her pirates get what they want? Or will poor Ben end up walking the plank?

There's no time for fairy-tale manners now — this means battle!

So grab your swords, choose your side and get ready to...   Bibbidi-Bobbidi-BATTLE
ON BOARD!  

Because between Uma and the VKs...   IT'S GOING DOWN!

Bibbity Bobbity

Well, you didn't think I was going to tell an entire fairy tale without showing you a little of my
OWN magic, did you?

Every good fairy tale needs a Fairy Godmother, a magic wand and, of course, a little Bibbidi-
Bobbidi-Boo!

After all, I've been turning pumpkins into carriages, rags into beautiful gowns and making impossible
dreams come true for a very long time!

But tonight, I think it's time to swap the glass slippers for some dancing shoes and create a different
kind of magic.

All it takes is a wave of my wand, a sprinkle of fairy dust and those three famous little words...

✨ Bibbidi-Bobbidi-Boo! ✨

So get those feet ready, because it's time to Bibbidi-Bobbidi-TAP YOUR SHOES!

✨ ✨ BIBBIDI-BOBBI-BOO! ✨ ✨

Evil Queen

Oh my! I think our princesses may have gotten a little carried away there!
But speaking of beautiful princesses... there's someone who simply cannot stand
the thought of anyone being fairer than she is.

You know the words...

Mirror, mirror on the wall,
who is the fairest of them all?

Well, if you ask Evie's mum, the Evil Queen, there's only ONE acceptable answer!
Before Evie became one of our VKs, her mother was already famous for her
magic mirror, poisoned apples and her obsession with being the fairest in the land.

And if that mirror gives her the wrong answer...

Well... I'd probably run!

So Bibbidi-Bobbidi-BEWARE! Keep away from those poisoned apples and
whatever you do... don't tell her Snow White is fairer!

👁️👑 Get ready to meet the mother of our very own Evie...

THE EVIL QUEEN! 👑👁️

Snow White and the Seven Dawfs

Uh-oh... did someone just say Snow White is fairer?!

I have a feeling the Evil Queen is NOT going to be happy about that!

But every good fairy tale needs a princess — and luckily, Snow White has a few friends
looking out for her.

Actually... she has SEVEN!

They may be a little Grumpy, a little Sleepy, a little Bashful and perhaps even a little
Dopey... but when Snow White needs them, her seven dwarfs are never far away.

And tonight, our Snow White has brought along seven of our very own Groove boys to help tell
her tale!

So grab your pickaxes, stay away from any suspicious-looking apples and get ready to...

✨ Bibbidi-Bobbidi-~~HEIGH-HO!~~ ✨

It's off to the stage we go with...

SNOW WHITE AND THE SEVEN DWARFS!

Do What You Gotta Do

Well, we've met Mal's mother, Maleficent... but there's someone else rather important to Mal's story.

Her father.

And let's just say... this isn't exactly your typical father-daughter reunion!

Meet Hades, Lord of the Underworld, keeper of the Ember and Mal's very fiery father.

Mal needs his help — but Hades isn't about to make things easy for her.

There are a few old arguments, a LOT of attitude and years of family history to sort through.

And when Mal and Hades come face-to-face, neither one is willing to back down!

Father versus daughter.

Fire versus magic.

And enough sass between these two to set the whole kingdom alight!

Sometimes even in a fairy tale, you've just got to stand your ground and...

🔥 Bibbidi-Bobbidi-DO WHATYOU GOTTA DO! 🔥

Get ready as Mal and Hades battle it out in...

💜 🔥 DO WHATYOU GOTTA DO! 🔥 💜

Once Upon a Time

Every fairy tale begins with those magical words... Once upon a time.

But Mal's story isn't quite like the fairy tales we grew up with.

She was born the daughter of one of Disney's most feared villains, raised on the Isle of the Lost and taught that being wicked was simply who she was meant to be.

But after coming to Auradon, Mal began to discover something very important — your story isn't written by where you come from, or even by who your parents are.

You get to decide what happens on the next page.

And as Mal looks back on everything that brought her here, she begins to realise that perhaps being different doesn't make you the villain... it simply makes this your story.

Tonight, Mal and our dancers take us back through the pages of her fairy tale and remind us that every ending can also be a new beginning.

So open the storybook, sprinkle a little fairy dust and get ready to...

✨ Bibbidi-Bobbidi-TURN THE PAGE! ✨

Because every great story has to start somewhere...

💜 📖 ONCE UPON A TIME... 📖 💜

Snow White

You know, fairy tales often tell us about the fairest girl in the land... but what happens when being "the fairest" starts to feel like something we're all expected to be?

Being a girl can sometimes feel like standing in front of the Evil Queen's magic mirror — constantly wondering if we're pretty enough, talented enough, clever enough... or simply enough.

We look around and compare ourselves to other people, forgetting that no two stories were ever meant to be exactly the same.

And sometimes, the person looking back at us in the mirror is the one we're hardest on of all.

Our next dance reminds us that behind every smile can be someone trying to find their place in a world that constantly tells girls what they should look like and who they should be.

But perhaps we don't need a magic mirror to tell us our worth.

Perhaps the real magic comes when we stop comparing our story to somebody else's and learn to see the beauty in being exactly who we are.

So tonight, let's Bibbidi-Bobbidi-BREAK THE MIRROR and remember that there's room in this fairy tale for every kind of beautiful.

SNOW WHITE

Cruella De Vil

Well, Snow White may have escaped the Evil Queen... but our journey through Disney's villains is far from over.

Some villains use magic. Some use poisoned apples.

But our next villain doesn't need a spell to make an entrance.

She's bold. She's ruthless. She's unpredictable... and she always gets exactly what she wants.

And there's another reason she's important to our story.

Remember our VK Carlos?

Well, it's time to meet his mother.

With her unmistakable black and white hair and a name that sends shivers through the room... there's no mistaking Cruella De Vil.

This isn't the Cruella you thought you knew. Tonight, we're stepping into the darker side of her story.

So Bibbidi-Bobbidi-BEWARE OF DE VIL...

The lights are going down, the story is getting darker, and Cruella is about to make her entrance.

♥ ♥ CRUELLA DE VIL ♥ ♥

Queen of Mean

Oh dear... just when you thought all the trouble came from the Villain Kids!
Remember Audrey? The beautiful Auradon princess and daughter of Princess Aurora —
Sleeping Beauty.

Audrey was supposed to be one of the good ones.

But fairy tales aren't always that simple.

After watching Mal take her place beside Ben, Audrey's broken heart turned to anger... and
anger turned into something much darker.

Suddenly, this perfect Auradon princess wasn't interested in being sweet anymore.

She wanted power.

She wanted revenge.

And most of all... she wanted her crown.

Perhaps our story is starting to teach us something — sometimes the line between good and evil
isn't quite as clear as we think.

So watch out, Auradon...

Because Audrey is about to show us that you don't have to be born a villain to become one.

It's time to Bibbidi-Bobbidi-BRING OUT THE MEAN!

👑💜 From princess... to villain... to the self-proclaimed...

QUEEN OF MEAN! 💜👑

Space Between

After all that wickedness, perhaps it's time to remember that our story isn't only about heroes and villains...

It's also about friendship.

From the Isle of the Lost to Auradon, Mal and Evie have been through just about everything together.

They've faced magic, villains, broken hearts and some very difficult choices. But even when their paths have taken them in different directions, one thing has remained...

Their friendship.

Because a true friend doesn't have to stand right beside you to still be there. Sometimes life changes. Sometimes we grow. And sometimes there might be a little space between us — but the people who truly matter are never really far away.

So for this one, we leave the stage to just two of our VKs...

💜 Mal and Evie. 💙

It's time to Bibbidi-Bobbidi-BEST FRIENDS FOREVER as they remind us that no amount of space can break a friendship like theirs.

✨ SPACE BETWEEN ✨

One Kiss

Awww... now THAT is what true friendship looks like.

But you know, this is a fairy tale... and no fairy tale would be complete without a little romance!

For generations, Disney has taught us about the magic of True Love's Kiss.

A kiss woke Snow White.

A kiss woke Sleeping Beauty.

And now it seems our VK Evie is wondering if one little kiss could tell her everything she needs to know about love too.

After growing up with the Evil Queen as her mother, Evie once believed that finding the perfect prince was the secret to living happily ever after.

But Evie has learnt that real love might be a little more complicated than that.

Still... sometimes it only takes one kiss to find out!

So its time to believe in a little fairy-tale magic and get ready to...

Rise of Red

Well, our story may have started with Mal, Eve, Jay and Carlos... but fairy tales don't end when one chapter closes.

There's always another generation ready to cause a little trouble!

And that brings us to Red — daughter of the Queen of Hearts and princess of Wonderland.

Growing up with one of the most feared queens in all the kingdoms, Red was expected to follow the rules and become just like her mother.

But as we've already discovered, being the child of a villain doesn't mean you have to follow in their footsteps.

Red's story is about being fearless, rebellious and brave enough to decide who you want to be.

And now our dancers are ready to bring that fiery attitude and a little Wonderland wickedness to the stage!

So paint the roses red, watch out for the Queen of Hearts and get ready to...

Night Falls

Uh-oh... I knew things were getting a little too peaceful around here!

Remember Audrey — our Queen of Mean?

Well, she's not finished with Auradon just yet.

Armed with Maleficent's sceptre and determined to take the crown, Audrey's magic is spreading across the kingdom — and now even Auradon's knights have fallen under her spell!

But if there's one thing we know about our VKs, it's that they don't back down from a fight.

The children who were once considered the villains may just be the ones Auradon needs to save the day.

Funny how fairy tales can turn themselves upside down, isn't it?

So, will our VKs break the spell? Will the knights protect the kingdom? Or will the Queen of Mean finally get her happily ever after?

There's only one way to find out!

⚔️ Get ready to Bibbidi-Bobbidi-BATTLE! ⚔️

VKs and Knights, take your places...

👑 ⚔️ NIGHT FALLS! ⚔️ 👑

Maleficent

Oh dear... I think our story is about to get much darker.

We've met the Villain Kids, we've heard their stories... but now it's time to meet one of the most powerful villains of them all.

Long before Mal was trying to decide whether she belonged on the Isle of the Lost or in Auradon, there was her mother...

Maleficent.

Feared throughout the kingdom, Maleficent's story began with betrayal and a heart that slowly hardened. With powerful magic, magnificent wings and a darkness that followed wherever she went, she became a villain no kingdom would ever forget.

And just like we've discovered throughout our story, perhaps even the darkest villains have a story behind how they became who they are.

But right now... I wouldn't get too close.

Because tonight, Maleficent herself has arrived — and she hasn't come alone. So lower the lights, beware of the thorns and whatever you do... stay away from any spinning wheels!

It's time to Bibbidi-Bobbidi-BRING ON THE DARKNESS...

♥♥ Enter the world of...

MALEFICENT ♥♥

Spell Block Tango

Ohhhh dear... Maleficent was frightening enough on her own.

But what happens when Disney's most wicked villains decide to join forces?

Absolutely nothing good, I can assure you!

Maleficent has brought her magic, the Evil Queen has her spells, Ursula is ready to make a deal, the Queen of Hearts is demanding things go her way, and Cruella is bringing her own dark side to the party.

And somehow, all of our other characters have found themselves caught right in the middle of it!

Heroes, villains, princesses and VKs — everyone is here, and with this much wicked magic in one place, things are about to get completely out of control.

It seems our villains have decided it's time to show everyone exactly who runs this fairy tale.

So hold onto your crowns, keep your magic wands close and whatever you do...

DON'T get put under their spell!

It's time to Bibbidi-Bobbidi-BLOCK THAT SPEN! ✨

🪄❤️ Our villains are taking over with...

SPEN BLOCKTANGO! ❤️🪄

Villians & Set it Off

Oh my... I was afraid this might happen!

The spells have been cast, the villains have joined forces and it looks like they've finally done it...

The villains have taken over!

Auradon has been turned upside down, the heroes don't know what's hit them, and our villains are enjoying every second of it.

Maleficent, the Evil Queen, Cruella, Ursula, the Queen of Hearts and the rest of our wicked crew have decided that this fairy tale belongs to ~~THEM~~ now.

But they may have forgotten one very important thing...

Their children!

Our VKs know a thing or two about being wicked — and they're certainly not going to let their parents have *ALL* the fun!

So the VKs are joining the takeover, and suddenly this villain invasion has turned into one *HUGE* dance party!

Heroes, villains, princesses and VKs — forget which side you're on, because right now *EVERYONE* is invited!

So get out of your seats, clap your hands, make some noise and get ready to...

✨ Bibbidi-Bobbidi-*SETTTOFF!* ✨

Because when the villains and the VKs take over together...

Some themes are instantly recognisable — but this next performance gives one of the most iconic of all a beautiful new twist. 🕷️ ✨

It's the perfect way to celebrate everything our dancers have worked so hard on and finish the show with one big Groove moment.

So clap along, cheer them on... and let's finish this concert the GROOVE way! 🎊

Thank you

A Huge Thank You

A huge thank you to Brooklyn. You help at the studio six days a week and are there for every event we hold. You are more responsible and reliable than I ever could have hoped for.

Over the past four years, you have helped our family more than you could possibly know while your dad completed university. During the final eight weeks of his placement, you have been absolutely outstanding. With Mum recently being in and out of hospital and attending appointments, you stepped up, took many of my classes and did an incredible job helping everyone get ready for the stage. You even helped write this program in the car while we unexpectedly made our way to the emergency department! We are incredibly proud of you and so grateful for everything you do.

Jordan, you are coming for all our jobs! I can already see that you are going to be a wonderful organiser one day. Thank you for your very important contributions to the program—my favourite was, "Watch the toys come alive!"

Thank you for always rolling with the busyness of having a mum who runs her own business and a dad who has been studying full-time while also working. Most of all, thank you for being our light, for always making us laugh when things get hard and for giving us the best hugs.

Indy, thank you for everything you have managed to do while completing the final stage of your full-time university degree. Thank you for your continued help, encouragement and support with the business. We are so proud of everything you have achieved.

Mum, thank you for all your help throughout the year, but especially for everything you have done for Indy and me over the past four years to help him complete university. You were right—the four years really have flown by! Thank you for everything you have done for our family and our business, particularly throughout the challenges of the past 14 months. There is absolutely no way we could have managed it all without you. Your love, help and support have meant more than words could ever express.

A huge thank you to our amazing teaching team—Sarah, Randy, Tilly, Libby, Faith, Viola, Brooklyn and Indy. It is wonderful to see all your hard work, dedication and creativity come to life on the stage. Thank you for everything you have done for our students and for helping to make this concert so special. Thank you for always being willing to step in and help throughout the year. Whenever we have needed a class covered or some extra support, you have been there without hesitation. Your reliability, flexibility and willingness to help have meant more to us than you could ever know. We are incredibly grateful to have such a caring and dedicated teaching team.

Thank you to Alana for your help with our concert photography, and to Ben and Alana for helping with the trailer. Your assistance has been greatly appreciated.

Thank you to Tegan for your wonderful work with stage management and concert dressing.

A special thank you to Rachel and Sarah for your outstanding work as our head dressers and backstage managers. Your organisation, dedication and support behind the scenes have helped keep everything running smoothly.

Thank you to Viola and Debbie for all your help throughout the day and at rehearsals. Your support has been truly appreciated.

To all our wonderful supervisors, thank you for generously giving your time and helping to care for and support our students throughout the concert.

Thank you to Maitland Town Hall, Scion Lighting and Allen Hornby for your assistance, support and contribution to making our concert possible. We truly appreciate everything you have done to help bring our production to life.

A huge thank you to our wonderful students, parents and families who have helped make today possible. Thank you for your commitment, support and for being such an important part of our Groove family.
