## Turkiye-Syria Earthquakes

On February 6th, news of the earthquakes in Turkiye and Syria shook the world. Our Windsor community banded together to raise money for emergency relief, as well as to collect donations to be sent to victims affected by these devastating earthquakes.

Federal MP Irek Kusmierczyk and MP Omar Alghabra, Minister of Transport, as well as representation from the Turkish Centre visited our storage area for Earthquake Relief items at the Mosque.

## Leamington Mosque

Muslims in the city of Leamington do not have a masjid or community centre and have been renting the basement of a church for their jummah prayers.

Four years ago, the Windsor Islamic Association partnered with the Leamington Muslim Community to raise funds to purchase a 0.6-acre parcel of land on Talbot Street close to Leamington city centre. There have been several developments since then.

There will be a 'town hall' meeting in May shortly after Eid to update the community on several projects including Leamington, the Islamic Cemetery and Residential Development. This will allow community members to share ideas or ask any questions they have.

## Community Events

The last community breakfast before Ramadan! Thank you to our hardworking volunteers who served breakfast to the community after Fajr prayer with a smile in the mosque basement.

## Workshops

The WIA Da'wah Committee hosted a two-day da'wah workshop for men and women interested in how best to convey the message of Islam to their loved ones and to the wider community.

## Ramadan Iftars

The Prophet Muhammad (PBUH) said, "Whoever feeds a fasting person will earn the same reward."

Your support provides a meal to a fasting person such as the needy and students.

## Family Night

Community nights are a great way for us and our families to spend time at the House of Allah together.

These events are a place to gain knowledge and share good times with community members.
