

# Pricing Changes

## September 1st 2025

From 1 September, our prices will increase by around 15% across most services. We'll also begin charging 20% VAT, in line with current tax regulations.

This change reflects the growing costs of maintaining a safe, reliable service, including our investment in clinical systems, safeguarding, and professional oversight. These updates help us continue providing evidence-based, community-focused care that's built to last.
