

PROTECT YOUR  
DIESEL/ADBLUE® TANK

# Service & Maintenance Protection

- ✓ **Electronic Check & Re-calibration**
- ✓ **9 Point Tank Inspection**
- ✓ **5 Point Pump, Meters & Alarm Check**
- ✓ **Replace Water Captor Filter**  
*(for Diesel Tanks only)*
- ✓ **Fluid Test**
- ✓ **Replace any damaged or worn parts**

Diesel and Adblue® Tanks should be serviced every 12 months or every 50,000 litres dispensed by an accredited technician.

Regular maintenance reduces running costs, eliminates downtime and increases safety in the workplace.

We conduct operational and functional checks. Servicing and replacing of necessary parts.

**Contact OLEUM ASSIST to schedule a service**
