

LUTHER MEMORIAL LUTHERAN CHURCH

December 21, 2025 Congregational Council Minutes

Highlights of the December 21, 2025 Council Meeting

- LHH Sink Installation – Danny Knott provided an update on the installation. The rough in for the drain was completed and passed inspection. The next step should be in about two weeks when Ideal Cabinets finishes the cabinet and sink and the final plumbing can be done. It is expected to be complete before LHH restarts after the Christmas break.
- Sacristan Position – As council is aware, Ray Riggin has handed in his resignation. Personnel spoke with Ryan Bennett about taking over some of Ray's duties as Sacristan. Carla forwarded the email from Personnel to Council with duties described. This will also increase his current hours. The motion was made and approved to extend Ryan's duties and hours.
- Annual reports – All committees need to submit a year-end report for 2025 to Marcia by the end of January.
- Pastor Monica's Update – She reported she is progressing well. However, the surgeon required her to take six weeks to convalesce so the incisions could heal properly and the implanted unit would heal securely in place. Her follow-up visit with the surgeon will be Jan. 6, 2026 and she is hopeful she can return to full-time, in office work after that.
- Installation and Next Council Meeting-The installation will be during the service on January 25, 2026 and the January council meeting will be that same day following the service.
