

LUTHER MEMORIAL LUTHERAN CHURCH
Feb. 23, 2025 Congregational Council Minutes

Church Council Summary for February 2025

The Von Bora Haus Committee provided council with a summary of work done by the committee. The committee has scheduled an inspection of the house for the end of February. They also reviewed the lease and had it reviewed by an attorney to determine if there was any liability issue for the church that needed to be address. They also had our insurance policy evaluated.

The provided some options for the property besides just selling it. Danny Knott met with Community Housing Partners who assist in providing affordable housing options in the area. This might be a way to keep the property for housing use, but relieve Luther Memorial from the operation and maintenance.

Council requested that depending on the inspection of the house, we sign a new lease to allow the property be used for emergency housing by New River Family Shelter.

Other council business was an update on the roof and roof loan. Hopefully better weather will allow the roofers to work more on the replacement. The loan funds are in place and the church will begin making loan payments in March. Dates for church activities for the rest of the spring were discussed and a new button electron lock will be placed on the pre-school door and fellowship hall.
