DEDICATED EDUCATORS

Our classes are taught by dedicated and experienced instructors. Using TCEQ approved teaching strategies, they make sure that every student finds a path to success.

FLEXIBLE COURSE OFFERINGS

We embrace a learning environment that will prepare you for the path ahead. Our classes can be presented either online through distance-learning technology or in-person with a classroom setting.

PRIVATE TRAINING AVAILABLE

Your success and convenience is our priority. Instructors are available to travel to your location to provide private training for just you and your employees.

Ionico Technical Services WTS License Training

Steps to Obtain a TCEQ Occupational License

- Make sure you **meet all the licensing requirements** and you have all the supporting documentation.
 - Including work history, education, and training credits
 - Visit www.tceq.texas.gov/licensing for detailed information
- Complete and **submit an online application** using e-App for licensing.
 - You'll pay the application fee during the online process. (\$111 to TCEQ)
- **Wait.** In 6 to 8 weeks (usually less), you'll receive an approval letter in the mail or a deficiency letter asking you to clear a few things up.
- Once you receive an approval letter, you can **register to take your exam!**
 - Exams offered at TCEQ regional offices, or online at a certified testing center.
- **Pass the exam!** You will be given 4 attempts or one year, whichever comes first, so don't worry if you don't pass the exam the first time.
 - Your license will be issued within a few days upon passing the exam.
