Platform Sports Coaching in association with Ibstock Place School provides an unforgettable activity experience. From an active start to the day at breakfast club to an action packed after school club we've got you covered. The child is at the centre of our programmes with tailored activities to suit the needs of the individual there is something for everyone.

What we do?

Our exciting Active programme has been designed to enable children to take ownership of their own time after a busy day at school. Children have opportunities to be active but also to unwind with friends. This is achieved in a safe environment by offering a structured range of activities. As a sports coaching company we understand that time spent with primary school children is precious therefore we will always try to develop new skills in the children that help bring about confidence and enjoyment.

Session 1 - 15:30 - 16:45
Session 2 - 16:45 - 18:00
