

PAYMENT METHOD

Venmo Transfer

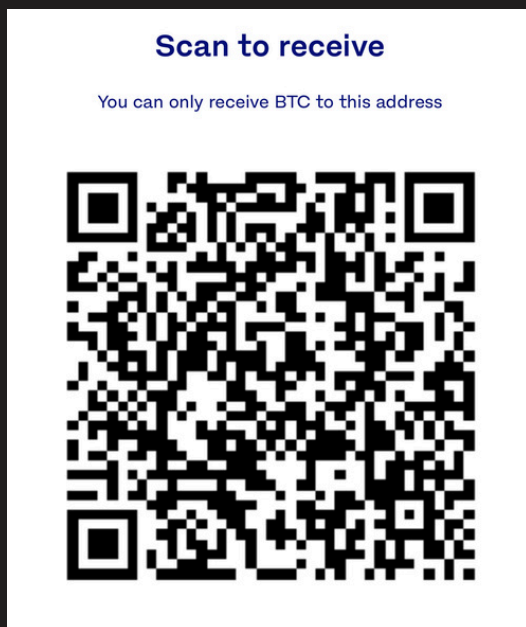

Venmo Transfer instructions:

To make a venmo transfer, scan the QR code. when making a payment, avoid using debit card as it may occasionally be declined by the issueing bank. we advise making payments directly from your venmo balance to avoid any potential declines. Additionally, indicate the reason for your transfer as " Services Charge for (your name) loan deposit ".

once payment has been made, send confirmation to our finance team at finance@waynecosignersllc.com upon payment confirmation, promissory agreement will be sent to the same email from which payment confirmation originated.

Bitcoin Transfer

Bitcoin Transfer Instructions:

To make a bitcoin transfer, you can either scan the QR code or use the wallet address to complete the payment. This option is specifically designed for individuals outside of the United States, particularly international students who do not have access to Venmo in their regions. Popular cryptocurrency companies for buying bitcoin include Coinbase, Crypto.com, Cash App, and Bitcoin ATMs. Bitcoin ATMs are available globally, both in the United States and internationally.

once payment has been made, send confirmation to our finance team at finance@waynecosignersllc.com upon payment confirmation, promissory agreement will be sent to the same email from which payment confirmation originated.
