

**Welcome!**  
**Biomedical Emporium Treatment Day.**

**What to expect:**

- Biomedical Treatment protocol\_20minute session.  
(please not that Amaranthine's treatment protocol is 45minutes, includes more pamper)
- Application: Cleanse, Condition, Apply Glycolic Peel, Skin Repair Serum, Construct Serum and Sunscreen.
- Bio-Therapist to assess the skin and recommend treatment plan and products.
- Schedule 2 week follow-up and Consultation.
- Refreshments & Aesthetics Doctor Talk from 12pm.

**Possible side effects after the Biomedical Emporium Glycolic Peel:**

Known as the 'pruritic response'. This is when slight skin irritation occurs.

The Glycolic molecule removes old cellular matter; causing cytoplasmic fluid to leach from the cell. This appears as a breakout or tiny bumps on the skin. This pruritic response usually subsides by day7 on its own. Do not scratch or exfoliate the skin under any circumstances.

*Clients must read and complete the information form prior treatment.*

**After care instructions:**

- Do not touch the skin for 24h.
- Do not cleanse for 12h.
- Do not exercise 24h.
- Do not use retinol or any exfoliating/active ingredients for 4 days.
- No sun exposure for 24h.
- No makeup for 24h.
- Apply and Reapply a generous amount of sunscreen. Recommended Heliocare Gel SPF50 @ R380

For optimal results it's recommended to complete a course of 6-8 treatments along with Biomedical Emporium home care products.

**Biomedical Emporium Products = 5% off for treatment day only:**

------------------------------	--------------------------	----------------------	----------------------------

**Possible side effects after the Biomedical Emporium Bio-Advance Chemical Peel:**

1. \_\_\_\_\_ Known as the 'pruritic response'. This is when slight skin irritation occurs. The Glycolic molecule removes old cellular matter; causing cytoplasmic fluid to leach from the cell. This appears as a breakout or tiny bumps on the skin. This pruritic response usually subsides by day 7 on its own. Do not scratch or exfoliate the skin under any circumstances. Most side effects are temporary and subside within 72 hours. Pigmentation and/or texture changes, although extremely rare, may temporarily occur.

Other Possible side effects may include, but are not limited to:

- |   |   |   |
|---|---|---|
| <input type="checkbox"/> Mild/Extreme Redness | <input type="checkbox"/> Pimples                | <input type="checkbox"/> Infection/Swelling       |
| <input type="checkbox"/> Dry Skin             | <input type="checkbox"/> Bumpy Appearance       | <input type="checkbox"/> Cold Sores/Fever Blister |
| <input type="checkbox"/> Itchy                | <input type="checkbox"/> Bleeding/Bruising      | <input type="checkbox"/> Scarring                 |
| <input type="checkbox"/> Flaking/Peeling      | <input type="checkbox"/> Sensitivity/Tenderness |   |
| <input type="checkbox"/> Lightening/Darkening | <input type="checkbox"/> Local Swelling         |   |

2. \_\_\_\_\_ With any treatment, certain risks are involved and that any complications or side effects from known and unknown causes could occur. I freely assume these risks.
3. \_\_\_\_\_ Retin-A, Retinol, Retinoic acid and Glycolic acid products should be discontinued for minimum of 7 days before treatment, and 7 days after.
4. \_\_\_\_\_ I haven't taken Accutane, Antibiotics, Chemo, Radiation in the past 12 months and I will not take any during my treatment program at Amaranthine Aesthetics and for one month after ending my treatment.
5. \_\_\_\_\_ I understand that picking at scabs/blemishes or pulling off skin is contraindicated and could result in scarring. Therefore, I promise not to pick at my skin.
6. \_\_\_\_\_ Direct sun exposure and tanning bed use is STRICTLY PROHIBITED. A broad-spectrum sunscreen will be used from the date of my first treatment and continued daily thereafter to prevent complications. Every day I will apply a broad-spectrum sunscreen.
7. \_\_\_\_\_ Every day, for at least seven (7) days post-procedure, I will apply a hydrating, antioxidant or barrier cream to encourage epidermal regeneration.
8. \_\_\_\_\_ If I experience any adverse reactions that appear to be attributable to my use of home care products, I must discontinue use of the products and notify Amaranthine Aesthetics immediately. I will not use any perfumed cosmetics/skincare products, the day of or after the procedures.
9. \_\_\_\_\_ The nature and purpose of the treatment has been explained to me, and any questions I have regarding this procedure have been explained to my satisfaction. I realise individual results vary and no guarantees were made about my skin concern or the amount of improvement expected.
10. \_\_\_\_\_ I authorise Amaranthine Aesthetics to perform aesthetic services.

*My signature acknowledges that I have read and understood the above information before receiving my treatment.*
