I'm well connected in the art services world. It's likely that I can connect you with an individual or company that can help you with any of your art-related needs. I'm happy to provide helpful recommendations at no charge.

I've worked in Santa Fe, New Mexico's fine art sector since 1998. I managed art gallery aesthetics for one of the nation's top-performing art galleries during that time. I have over 15 years of installing entire art collections and individual pieces in the homes, galleries and businesses of New Mexico.

I offer my expertise in art arrangement and installation, as well as art lighting consultation to the homes and businesses of Santa Fe and Albuquerque.
