

DEMONIZATION SELF TEST ANALYSIS

The purpose of the test is to serve as an assessment tool of the specific spiritual state of whether a Christian is under demonic oppression and a candidate for our prayer healing ministry. The following is a breakdown of the test questions to determine the likelihood of a person being in bondage to Satan and influenced by his curses.

The main objective of the test, is to help Christians recognize demonic influence in their life, the nature of why it exists, and the entry point of these curses. The test has been broken up into several categories of questions that are designed to help you recognize ancestral curses and entry points of Satan, generational curses through sins of forefathers, and self-generated curses through sin and occult practices.

The breakdown of the questions is described below:

PART 1: ANCESTRAL ORIGIN BY CONTINENT

Satan's kingdom is divided in leadership and responsibility through various cosmic and territorial principalities that have control over different areas of the world. Various nationalities are influenced by these principalities and have been for a very long time in the period of the history of the earth. For example, ancient structures like pyramids and temples of worship to other God's are clues to the kinds of demonic influence over many regions. Some pyramids were sacrificial alters as found in the America's while others are more cosmic oriented focusing on the various constellations like Orion's belt or Sirius. Some geographical locations are prone to witchcraft, witch doctors, and voodoo commonly found in the Caribbean and Africa. Ancient Greek, Roman cults, and Celtic druidism are just some examples found in Europe. Asia is home to many religions like: Hinduism, Jainism, Buddhism, Confucianism, Taoism, and Shinto. Australia has Aboriginal religion that is polytheistic, but the continent itself has been spiritually influenced largely by Europe through migration.

What does the bible say about cosmic and principality spirits:

Revelations 12: 7

[7](#)And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, [8](#)And prevailed not; neither was their place found any more in heaven. [9](#)And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him. [10](#)And I heard a loud voice saying in heaven, Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ: for the accuser of our brethren is cast down, which accused them before our God day and night. [11](#)And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death. [12](#)Therefore rejoice, ye heavens, and ye that dwell in them. Woe to the inhabitants of the earth and of the sea! for the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time.

Ephesians 6:

10Finally, my brethren, be strong in the Lord, and in the power of his might. **11**Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. **12**For we wrestle not against flesh and blood, **but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.**

Ephesians 3: 9-12

9And to make all *men* see what *is* the fellowship of the mystery, which from the beginning of the world hath been hid in God, who created all things by Jesus Christ: **10****To the intent that now unto the principalities and powers in heavenly places might be known by the church the manifold wisdom of God,** **11**According to the eternal purpose which he purposed in Christ Jesus our Lord: **12**In whom we have boldness and access with confidence by the faith of him.

The idea that Satan's domain is on the earth as much as in the constellations surrounding the earth means that his influence is all over. It has been my experience, that culture has an influence on how Satan operates or influences the lives of people.

2 Timothy 2: 24 -26

24And the servant of the Lord must not strive; but be gentle unto all *men*, apt to teach, patient, **25**In meekness instructing those that oppose themselves; if God peradventure will give them repentance to the acknowledging of the truth; **26****And that they may recover themselves out of the snare of the devil, who are taken captive by him at his will.**

In the above scripture, we see that Satan ensnares people to hold them captive to do his will.

Ancestral origin can play a role in the type of stronghold or the lineage entry point of Satan into family trees that ultimately lead to your generation through that tree.

PART 2: CHILDHOOD FAMILY HISTORY

One of Satan's tools in his arsenal of destruction and theft of individuals is to victimize them at the earliest age possible so that he can begin to control and manipulate them to do his will. By studying childhood development, we can determine the entry point of Satan through abuse and victimization of the individual before they hit adulthood. When a child is victimized, their soul can be "Fractured" producing "Soul Fractures" which takes the person from being whole to "broken hearted". Psychologists refer to this as "Disassociation" which occurs due to ineffective coping skills. This is actually a form of coping but not the result that is best. As discussed earlier in the study of whether a Christian can be demonized (See Luke 11: 36)

Luke 11: 33-36

33No man, when he hath lighted a candle, putteth *it* in a secret place, neither under a bushel, but on a candlestick, that they which come in may see the light. **34**The light of the body is the eye: therefore when thine eye is single, thy whole body also is full of light; but when *thine eye* is evil, thy body also *is* full of darkness. **35**Take heed therefore that the light which is in thee be not darkness. **36****If thy whole body therefore be full of light, having no**

part dark, the whole shall be full of light, as when the bright shining of a candle doth give thee light.

we understand that the soul can be partitioned between light and dark parts. As discussed earlier, the dark parts are the areas where Satan's kingdom can dwell in individual even though there are light parts. Jesus came to heal these parts that are dark or the partitions:

Luke 4: 18 – 19

18The Spirit of the Lord *is* upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, **19**To preach the acceptable year of the Lord.

A historical review of parents can produce indicators of inherited or generational curses that can come upon the children who were not directly involved in the actions. See the scripture below:

Exodus 34: 6-7

6And the LORD passed by before him, and proclaimed, The LORD, The LORD God, merciful and gracious, longsuffering, and abundant in goodness and truth, **7**Keeping mercy for thousands, forgiving iniquity and transgression and sin, and that will by no means clear the guilty; visiting the iniquity of the fathers upon the children, and upon the children's children, unto the third and to the fourth generation.

This section consists of 14 questions. Beginning with the first let's take a look at each:

- 1) When children are born outside of wedlock, there is a host of problems that can come against a child born into these circumstances. First, the child is born to parents that are operating outside the covenant of God which means that little attention was paid by the parents to a fearful life before the Lord. In this type of case, rejection is very likely due to the potentially uncommitted state of the mother or father or both. Because of the relevant absence of Faith in the family, the object of their own reality is focused on popular culture which is largely ignorant to the discernment of evil. In this type of case, the child is very easily exposed to assault from darkness
- 2) Divorce and separation of a child's mother and father or even step parents can be very traumatic. Children may often blame themselves but even if they do not, the scar of any divorce or separation can fragment the soul. In these cases, there may be a lot of strife, name calling, physical violence, emotional or mental torment associated with these types of episodes. This can have a devastating impact in the emotional wellness of a child. Pain and hurt in the soul of the child can occur because of the strife, anxiety of separation of parents, and feelings of rejection become the gateways of Satanic entry into the child's life.

- 3) The scarring effect of that physical and emotional abuse that a child observes between parents can create soul wounds. Satan takes advantage of emotional sorrow and sadness and often uses these circumstances from soul wounding to gain access to a child.
- 4) Early death of a parent can produce great trauma to the soul and is another source of soul fracturing as I have encountered in many instances. Once again, separation and sadness can lead to depression and hopelessness in the child and Satan will manipulate this on the child to blame God, thus causing separation and unbelief to God. Satan has effectively deprived the child of faith by this lie that God is somehow responsible.
- 5) Financial hardship that is extreme and prolonged is the fruit of Satan's kingdom. Families that live in low economic classes of society in general produce subsequent generations that equally live their lives out in the same way. This is without question the curse of mammon and is brought on through generational curses and sin.
- 6) When children are brought up in household where there are addictions of any kind, this is a clear sign that the elders of the household are under the control of Satanic influences. Children are exposed to the spirit of addiction and develop learned traits from their parents. Very common parents with addictions lack coping skills because their hearts are carnal and in disarray. Their lives are generally disordered as their souls and are greatly influenced by Satan in the realm of their flesh. This type of environment causes curses to easily transition from one generation to the next because of the idolatry associated with addictive behavior.
- 7) When a child observes infidelity between a mother and father, this destroys the foundation of trust, respect for marriage, and security in the child's life. The child observing the pain from the faithful parent begins to develop resentment for the offending party. Resentment is another tool that Satan uses to cause soul fractures or entry points into a child's soul. Sorrow and the associated strife surrounding the disclosure of this kind of event can shatter the soul of all in the family.
- 8) Many main stream denominational churches like many I have attended, do not believe it is possible for a Christian to experience demonization through a broken heart. Most churches do not have an effective deliverance ministry which is the foundation to the Gospel of the Kingdom of God which Jesus has commanded us to demonstrate. Consider the following scriptures:

1 Corinthian 4: 20

20For the kingdom of God *is* not in word, but in power.

2 Timothy 3: 1-5

1This know also, that in the last days perilous times shall come. 2For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, 3Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, 4Traitors, heady, highminded, lovers of pleasures more than lovers of God; 5**Having a form of godliness, but denying the power thereof: from such turn away.**

There are many adults today who watched their parent live hypocritical Christian lives. They observed their parents having a pretentious behavior at church or in

public, but life at home was a different story. The list in versus 2 -5 would be exactly how they described the hypocrisy they witnessed at home. By far the most difficult people to heal and set free from sickness and all the other Satanic kingdom bondage, are the prideful religious Christians whose carnal and natural allegiance to church traditions are void of the Holy Spirit and the kingdom of God that solely operates in power in the spiritual and supernatural realm. Many kids that were brought up learning this carnal and naturalistic doctrine, do not have the ability to differentiate the kingdom of God from the kingdoms of the world. Their sense of faith, is one of learning and seeing the word of God conformed to the bondages of the world rather than seeing the word of God according to Hebrews 4: 12 as powerful for destroying the works of the enemy to the transformation of the world by the Spirit of the Lord!

Hebrew 4: 12

[12](#)For the word of God *is* quick, and powerful, and sharper than any two edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and *is* a discerner of the thoughts and intents of the heart. [13](#)Neither is there any creature that is not manifest in His sight: but all things *are* naked and opened unto the eyes of Him with whom we have to do.

Satan's legal authority to remain in the partitioned soul of a believer, is dependent on the existence of strongholds within the individuals understanding of perceived truth. A stronghold is any lie, that a believer regards as truth, whose faith is built around. Without the individual ever coming to the revelation of this kind of unbelieving stronghold by the Holy Spirit, Satan will continue to have access to the believer to obstruct the power of God to heal them and make them whole.

- 9) See the analysis to question 8 above
- 10) When parents are involved in occult, demonic practices, and any form of secret society, or false religion the problems are much more compounded. Often times blood covenants are established through various rituals and children are often dedicated in these rituals even if the child is unaware because of early age. The effects of the influence of occult practices aggravates the demonic conditions with many manifestation occurring in the life of the believer rooted in this evil. No matter how bad the involvement or influence, none of these are beyond the Power of the Living Word of God when it comes against them.
- 11) Arrest or imprisonment of parents can also have a negative impact in children. When parents are involved in criminal episodes that involve imprisonment or confinement they are operating under the influence of demonic spirits due to their own partitioned souls that have manipulated their minds. They are acting in rebellion to the rule of law and if man's then God's also. Children are likely to have similar traits.
- 12) Chronic illness is a curse and are the results of fracturing of the soul and are a part of the Job-ian curses. Sickness is a result of demonic influence and this influence seeks the next generation to move into and affect in the same manner.

- 13) Psychological disorders also are part of demonic curses and usually make their way from parents to subsequent generations. Children exposed to these in family members are likely to have similar issues with themselves or subsequent generations.
- 14) If grandparents also exhibited any of the above traits as in your parents, then this is a clear sign that the issues are generational and subsequent generations are likely to experience the same.

PART 3: PERSONAL HISTORY: CHILDHOOD LIFE FROM BIRTH TO 18 YEARS OLD

At this point we begin the research of determining actions that have directly involvement with you. At this point we are examining issues in your childhood where you were victimized directly. Experience has shown that Satan begins to move at early ages in childhood to begin corrupting the soul through soul fractures. These soul fractures are the door ways or entry points of Satan kingdom to begin taking root in the life of the person. Sometimes this occurs before salvation through the sinner's prayer and at times afterward.

- 1) Family violence in a home always has a direct impact on the victims of it. Soul fracturing is inevitable in these circumstances for all parties involved either directly or indirectly. Satan uses family violence and the associated brokenness from it to gain entry into your life.
- 2) A child who experiences the divorce or separation of his parents very often experience the sorrow of rejection or blaming themselves for causing the divorce through condemnation. Parental alienation, is a powerful and destructive force to the wellbeing of any child and also often fractures the soul of the child thus becoming an entry point of Satan's kingdom.
- 3) In households where there is child favoritism, the development of inferiority, inadequacy, and insecurity in the leaser child is common. Overtime, if there is not a correction in the family while the child is still young, soul fracturing is inevitable and becomes an entry point for the kingdom of Satan.
- 4) Traumatic events can cause Post Traumatic Stress Syndrome (PTSD). These are events that cause extreme fear in the part of the individual. It has been my experience that when a child is placed in an atmosphere of fear either through television, stunts by other family members, car accidents, or other forms of this sort can create soul fragmentation. Parents that become physically violent with each other or with other members of the family can produce enough emotional stress to also create a soul fracturement. This becomes point of entry for Satan's kingdom to demonized the individual with fear that they develop paranoia type tendencies.
- 5) Sexual victimization is probably one of the most common tools that Satan uses to enter into the souls of children as well as adults. Any time there is sexual victimization, there is always a soul fragment that develops. The primary spirit that torments victims of sexual predators is Jezebel.
- 6) Trauma to the soul can occur through the injustice of cruel or unusual punishment is imposed on a child by soul fractured demonized parents or authority figures! Soul fragmentation is very common anytime there is injustice against the victim.

- 7) Humiliation from an embarrassing event is another entry point of Satan's kingdom. This is becoming much more common with school bullying or cyberspace bullying. This type of event is reaching epidemic levels across the world with use of the internet that involves snapchat, youtube, Facebook, and many other social media outlets. This kind of event can absolutely have devastating consequence on the condition of the victim's soul and the ability to recover without supernatural intervention from the Holy Spirit. This is quickly becoming one of the most common entry points of Satan's kingdom.
- 8) See question 4 above.
- 9) Personal failures and setbacks where a person feels they have let themselves down or others they respect, can cause fracturing of the soul. Injuries in athletics or academic failure where expectations are very high can lead to the partitioning of the soul enabling a person to feel very inadequate, sorrowful, and embarrassed. These emotions are very powerful and can strain the soul to its breaking point causing an entry point of Satan's kingdom.
- 10) The breakup of relationships by young adults especially those experiencing their "first love" can have devastating emotional consequences. This type of event is a common tool that Satan uses to create an entry point into the soul in order to demonize the child.
- 11) Everyone makes poor decisions from time to time, but certain decisions that have far reaching consequences can be very heart breaking especially when others are hurt. Anger and resentment from those affected by poor decisions can aggravate the matter to such a degree, that the hurt generated by it, fragments the soul. This causes a "guilt" that becomes an entry point of Satan's kingdom. Satan uses condemnation to further the pain which can occur over a lifetime, if not dealt with properly through effective deliverance.
- 12) Dating violence can cause PTSD and has the same effect of family violence. (See the answer to question 1 above) Individuals who are targets of dating violence often have a victim spirit attached to them that draws to them predatory spirits that inhabit others that abuse them.
- 13) Hurting others is an expression of the state of the heart of the person doing the hurting. The expression "Hurting people hurt people" is an outward attempt too express or enact vengeance on another usually weaker person for temporary self-gratification. This type of behavior is always rooted in the demonic will of Satan.
- 14) When there is a fatality whether induced by accident or illness in a family involving siblings or parents the effects are very likely to cause the heart to break that results in soul fracturing. Satan will use this opportunity of loss to leverage the emotion into soul fracturements through sorrow. This has been observed in numerous deliverances and the victim's indicating that they could never move past the hurt and sorrow. Many times guilt will also be attached to the individual who goes through this type of situation.
- 15) Killing or abusing animals is an act of anger born of hurt (soul fracture) inside the person. The action is the result of the fracturement seeking a form of justice by imposing its own pain on another living thing. This is evidence of the soul fracture taking over and manipulating the mind to act out the behavior. In most instances, the reaction is born from a triggering event that opened up the emotional "can of worms" in the soul.
- 16) When a child or person cuts themselves or mutilates their body, it is directed primarily by the hurt inside them that they feel. The cutting or body mutilation places become an object for the pain that is internal to the soul fragment to relate to. The lack of coping skills with emotional

issues brought on by circumstances in life can overwhelm the young person to act out in this manner. The suggestion to participate in this action is the result of Satan's kingdom directing the idea. Sacrificial behavior like this because of unresolved pain and frustration is not to take the place of the Cross of Jesus Christ who was lifted up as the sacrifice for us. Satan sees this as an act of apostasy to the child of God as having to be self-sacrificing in a way that only Jesus Christ can be.

- 17) Attempting suicide is again the result of deep trauma and anguish that emanates from the soul of a person. Satan in operation through wounded soul fragments will suggest to the child to take their own life. The spirit of suicide is a very active part of Satan's kingdom with children and young adults who are statistically prone to commit this type of act.
- 18) Fire Starter's is not commonly spoken of in most circles, but there is a percentage of children who habitually start fires as an emotional release. Again, this is the result of rejection in the child or some form of victimization that resulted in soul fragmenting.
- 19) Addictions to drugs of any kind, to alcohol, cigarettes, or any other item that forms a dependency is the direct result of some form of trauma to the soul. Satan is always behind addictions as curses. Curses of any kind are just curses from Satan and can be broken by the healing of the soul or being made whole.
- 20) When a person is involved in occult, demonic practices, and any form of secret society, or false religion the problems are much more compounded. Often times blood covenants or oaths are established through various rituals that can lead a person who participates into significant emotional, mental, and physical problems. The effects of the influence of occult practices aggravates the demonic conditions with many manifestation occurring in the life of the believer rooted in this evil. No matter how bad the involvement or influence, none of these are beyond the Power of the Living Word of God when it comes against them.
- 21) Satan and his minions will speak into our mind ugly thoughts or give us directives to act out the commands that they wish. The "thought voice" we hear in our minds may seem to be our own thought voice or it could be a discernable different voice. These voices will direct the person to commit acts of homicide, suicide, criminal acts, or other bad things. They will say things to the person repeatedly that they are worthless, that nobody cares for them, that there is no hope for them, that they are unlovable, that they will be lonely, etc.. Studies have shown in brain graphs of activity in the brain in hearing recognition pathways of activity when nothing is being heard audibly. Furthermore, the inner ear may be activated during this event when voices are heard but not audibly by others. This is a clear sign of demonic activity that may be rooted from experiences with Mediums, witchcraft, and occult involvements.
- 22) See the answer to question 22 above.
- 23) Street gang involvement requires initiations and pledges to the group and their cause. The problem is many gangs have their origins in murder, rape, and all other forms of criminal enterprises that are directly connected to the occult like for example Santeria. When a person pledges themselves to a group like these their pledge is to Satan's kingdom who takes over them.
- 24) Criminal offenses are often committed by people who have developed a distorted perspective of right and wrong. The inner workings that cause these distortions can be traced to family curses and broken family structure that produces soul fracturing.

- 25) Rebellion of authority is rooted in Satan. Satan loves strife and conflict in households in order to produce as much damage to the souls of the family as possible. This environment ensures the transfer of curses from the generation of the parents to the children and then further to the children's children. Strife and conflict in the home is the breeding ground for heart break to the members of that family and creates a soil rich environment for Satan's kingdom to operate from into future generations.
- 26) Rejection is one of the most common tools that Satan uses to break open a soul from being whole. Rejection can take many forms, from parents, relatives, employers, relationships, and the like. I have found rejection to be a major type of soul fracturement in almost every case of deliverance that I have personally worked with. Satan's use of rejection is a standard operating procedure to rob and steal the promises of God from Christians. Yahweh our Father in heaven understood this when he stated this in the following scripture:

Psalm 68:5

5A father of the fatherless, and a judge of the widows, *is* God in his holy habitation.

Your Father in heaven, knew that we would be abandoned because of Satan who brought this curse into the world.

- 27) See the answer to question 20 above for details
- 28) Many people have made pacts with the devil out of their rage from discouragement, abandonment, betrayal, or the like. In an effort to obtain vengeance back at the person that did the harming, they will solicit the support of Satan for this work. Unfortunately, Satan will use this against the victim of betrayal and begin to demonize them according to his will.
- 29) Eating disorders are the similar to reasons why people cut themselves or form various addictions. See question 28 above and question 17. Eating disorders are also the result of an "unrestrained mind" where there is no renewal ship through the Holy Spirit. Satan can take over the though life of a believer and continuously bombard the victim with thoughts that cause them to exhibit this behavior. The mind becomes so distorted by these runaway thoughts induced by the kingdom of darkness, that the person develops these patterns of eating. In every case, a broken heart filled with deep hurt and resentment is ultimately the cause.
- 30) Being wounded by a church is an unfortunate consequence when the victim of this is more focused on the people of the church than in God the true builder of the church. One of Satan's greatest victories that he can have over a believer is to convince them that they don't need to go to church and be a part of a church body. The wolf loves a sheep that has strayed away from the flock! It is Satan's will that people quit attending church and becoming a submitted part of it. People who have submitted to the idea that has a Christian that attending and belonging to a church is not important have bought the lie and this is a stronghold that give Satan access to you and your family. Many times the believer will say that they alone are the church which is an apostasy from the gates of hell itself. Consider the scripture below of what a Christian church is composed of:

1 Corinthians 1: 12

[12](#)For as the body is one, and hath many members, and all the members of that one body, being many, are one body: so also *is* Christ. [13](#)For by one Spirit are we all baptized into one body, whether *we be* Jews or Gentiles, whether *we be* bond or free; and have been all made to drink into one Spirit.

[14](#)For the body is not one member, but many. [15](#)If the foot shall say, Because I am not the hand, I am not of the body; is it therefore not of the body? [16](#)And if the ear shall say, Because I am not the eye, I am not of the body; is it therefore not of the body? [17](#)If the whole body *were* an eye, where *were* the hearing? If the whole *were* hearing, where *were* the smelling? [18](#)But now hath God set the members every one of them in the body, as it hath pleased him. [19](#)And if they were all one member, where *were* the body? [20](#)But now *are they* many members, yet but one body. [21](#)And the eye cannot say unto the hand, I have no need of thee: nor again the head to the feet, I have no need of you. [22](#)Nay, much more those members of the body, which seem to be more feeble, are necessary: [23](#)And those *members* of the body, which we think to be less honourable, upon these we bestow more abundant honour; and our uncomely *parts* have more abundant comeliness. [24](#)For our comely *parts* have no need: but God hath tempered the body together, having given more abundant honour to that *part* which lacked: [25](#)That there should be no schism in the body; but *that* the members should have the same care one for another. [26](#)And whether one member suffer, all the members suffer with it; or one member be honoured, all the members rejoice with it.

[27](#)Now ye are the body of Christ, and members in particular.

In the above scripture, the Body of Christ is composed of many members. Knowing Christ is being able to see His manifested body in the church.

31) Having an abortion or encouraging another to have one will bring a tremendous amount of shame, guilt, and condemnation once the revelation of the event has taken hold. The spirit of death is invoked during an abortion and this becomes an open door of demonization to the individuals involved. Many women have suffered deeply in their hearts over years from the trauma that seems to grow and develop with time especially as the woman matures in life.

PART 4: PERSONAL ADULT HISTORY

1) The divorce of a marriage can be one of the most emotionally traumatic experiences a person can go through. Events leading up to and including divorce can be an emotional upheaval of emotional stress, strife, rejection, hurt, sorrow, and anguish which are just a few of the experiences a couple can endure. Divorce often leads to emotional scarring causing the soul to fracture. Satan loves divorce, because of the damaging consequences a dysfunctional marriage can bring to many family members who it experience the dark fruit of brokenness which enables Satan's kingdom to move generationally down a family tree and laterally to other members. When a couple comes together in marriage, and both are not whole, the result is that as the couple experiences life together their fracturements become exposed. Many blame the

marriage for the discovery that their partner was not all they thought to know. It is not the fault of the marriage, but for the marriage to help each partner to support each other in the healing and making whole each partner. Once each partner is whole, then as they become “one flesh” the souls are properly mated together and the fruit of God’s kingdom will manifest as both journey through life together. Unfortunately, very few couples are whole and healed before they marry. Secondly, I have seen that fractured people attract other fractured people whom they choose to marry. Chances are, that if one partner has soul fractures and the associated demonization, so does the other.

- 2) Family violence in a home always has a direct impact on the victims of it. Soul fracturing is inevitable in these circumstances for all parties involved either directly or indirectly. Satan uses family violence and the associated brokenness from it to enter your life. Consider the following scripture:

James 3: 16

[16](#)For where envying and strife *is*, there *is* confusion and every evil work.

As in the case of events that leads to divorce, family violence is a strife that opens the “Pandora’s Box” of evil in homes or any environment where it is left unchecked. Strife that is unchecked like events during family violence incidents, is an invitation for Satan’s kingdom to come in dwell in the whole of the household involved in it.

- 3) Infidelity or adultery, create great mistrust for the faithful partner. It is one of the deepest violation’s that a person can face because trust has been broken. This event triggers great hurt and will always tear a wound in the soul. Satan uses this as a door way through the hurt of the victim, to establish a beach head in the life of the believer.
- 4) Animal or ritualistic sex, is poison to the soul. It is witchcraft that opens doors for Satan’s kingdom to enter. It’s perverse nature, is completely derived from Satan who acts both as a spectator or can assume a role in the encounter of such events. This type of event is an invitation for Satan’s kingdom to both defile the body (Temple of God) and curse the soul.
- 5) When there is a fatality whether induced by accident or illness in a family involving siblings or parents the effects are very likely to cause the heart to break that results in soul fracturing. Satan will use this opportunity of loss to leverage the emotion into soul fracturements through sorrow. This has been observed in numerous deliverances and the victim’s indicating that they could never move past the hurt and sorrow. Many times, guilt will also be attached to the individual who goes through this type of situation.
- 6) Long term or generational financial problems are a sign of the Job-ian curses found in the book of Job in the bible. The curse of mammon is a very common curse in deliverance that Satan uses. Financial problems that are long term and sometimes short term is the fruit of Satan’s kingdom. For those suffering from prolonged financial hardship, a broken heart or soul is usually the problem. There are however many cases where soul fractured are quite economically successful but for many of these, they have made an idol of money and wealth at the expense of their souls. See the following scripture below:

Mark 8: 36

[36](#)For what shall it profit a man, if he shall gain the whole world, and lose his own soul?

- 7) The death of a child prematurely is probably the most painful experience a parent or guardian can go through. The sorrow and heart break this type of event can cause is quite unquantifiable. Some people who have suffered through this, have often blamed God and have turned their back on Him. This change of heart falls into the play book of Satan. When people who suffer like this turn their backs to God, they discount eternal life and that the child is only asleep and in a transitional state before they receive their glorified bodies at the last “trump” of God. See the following scripture:

1 Thessalonians 4: 13-18

[13](#)But I would not have you to be ignorant, brethren, concerning them which are asleep, that ye sorrow not, even as others which have no hope. [14](#)For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will God bring with him. [15](#)For this we say unto you by the word of the Lord, that we which are alive *and* remain unto the coming of the Lord shall not prevent them which are asleep. [16](#)For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: [17](#)Then we which are alive *and* remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord. [18](#)Wherefore comfort one another with these words.

When people suffer the loss of a loved one especially a Child, if the Kingdom of God is not adequately rooted in their spirit, then a person is likely to believe the lie of Satan who uses the hurt and loss as a tool to use against God. The Word of comfort that Apostle Paul writes about becomes as if it were not ever written. There is hope for a person suffering a broken heart from this, but it takes spiritual intervention with the result of being made whole again. This is the work that Jesus Christ commanded us to perform as written in the following scripture:

Luke 4: 18-19

[18](#)The Spirit of the Lord *is* upon me, because He hath anointed me to preach the gospel to the poor; He hath sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, [19](#)to preach the acceptable year of the Lord.

- 8) Humiliation from an embarrassing event is another entry point of Satan’s kingdom. This is becoming much more common with school bullying or cyberspace bullying. This type of event is reaching epidemic levels across the world with use of the internet that involves snapchat, youtube, Facebook, and many other social media outlets. This kind of event can absolutely have devastating consequence on the condition of the victim’s soul and the ability to recover without supernatural intervention from the Holy Spirit. This is quickly becoming one of the most common entry points of Satan’s kingdom.

- 9) Abuse can take many forms, but sometime passive abuse can be overlooked for the more active types that are based on aggression as in family violence as seen above in question 2. Abuse is still abuse even if passive. Forms of passive abuse may be the creation of inferiority on a physical, intellectual, or emotional level. This kind of abuse is the result of pride from the spouse who is the abuser. Pride is the fuel that Satan's kingdom depends on as fire depends on wood for it to burn. It goes back to the cliché that "hurting people hurt people" or in other words 'soul fractured people victimize others" with the intent of reducing them into a heart of rubble. The abuser in this case is one who is very controlling, very head strong, highly morally self-righteous, and self-absorbed. The impact to the victim is measured in both the intensity of the abuse and duration. In either case, Jesus Christ can heal and turn the ashes of sorrow to glory. See the scripture below:

Isaiah 61: 1-3

1The Spirit of the Lord GOD *is* upon me; because the LORD hath anointed me to preach good tidings unto the meek; **he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to *them that are bound*; 2To proclaim the acceptable year of the LORD, and the day of vengeance of our God; to comfort all that mourn; 3To appoint unto them that mourn in Zion, to give unto them beauty for ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness; that they might be called trees of righteousness, the planting of the LORD, that he might be glorified.**

- 10) Satan will use the inability of a parent or guardian to adequately support their household as leverage against them to fracture their soul in the form of shame, guilt, and condemnation. Chances are that the parent is already experienced heart break from her past, and this situation is just the furtherance of more breakage. This kind of event does not always guarantee a broken heart, but if there is humiliation associated with it or too much adversity brought onto the household from it, then conditions are more favorable that a doorway for Satan to open and demonize the victim more.
- 11) See the answers to question 1 and 2 above
- 12) Everyone makes poor decisions from time to time, but certain decisions that have far reaching consequences can be very heart breaking especially when others are hurt. Anger and resentment from those affected by poor decisions can aggravate the matter to such a degree, that the hurt generated by it, fragments the soul. This causes a "guilt" that becomes an entry point of Satan's kingdom. Satan uses condemnation to further the pain which can occur over a lifetime, if not dealt with properly through effective deliverance.
- 13) Secrets are an indicator of a lack of transparency between spouses in an effort to keep details hidden. The foundation of any relationship is trust, if a spouse has problems opening their heart to their partner, it is because pride is keeping it a secret. I refer to

this as the “Lock Box of Satan”. The idea of a “lock box” or “stronghold” is the idea that inside the box is a wounded soul fragment in darkness, the soul fragment relives the trauma over and over with all of the emotions attached. The steel of the box is pride which states that the person will never experience that kind of trauma again and like a coffin is buried. The chains around the box is Satan’s kingdom bring torment to the piece inside. Because the inner part fears exposure, it holds back sharing the secret life of torment that’s inside. There is no light in this box just pain, sorrow, and anger.

- 14) When the children suffer from various emotional or psychological disorders it is for the most part that the child is suffering from rejection, victimization, or some other form of emotional trauma. A large percentage of the suffering in children is neglect or rejection at home. In some cases, the problem can also be that the child has been victimized in a sexual manner by another member of the family that they trusted in. Stresses from life such as grades in school, sports, and family dysfunction can easily overwhelm a child emotionally due to their lack of coping skills. Over bearing parents that place excessive pressure for the child to “succeed” can also exceed a child’s coping limits and cause them to disassociate or in other words to have a broken heart. The problem is that Satan literally takes advantage of the child’s torn state and begins to demonize them with thoughts of hopelessness. Suicide is on the rise across America, largely because of these factors. The general rule is: if children exhibit disorders of emotion or ones that are psychological, it is most likely the parents and grandparents suffer from the same. In many ways, the parents are the enablers of these issues by their ignorance to the spiritual realm of partitioning of the soul and begin to medicate their children with various prescriptive psychotropic drugs. Parents are not exercising spiritual authority over their children because they lack the knowledge of how to. Certain soul fractures in parents, will cause the parent to compete on an emotional level with their children for attention in the household. When this occurs, the child is setup by the parents own brokenness, to inherit the same, and so the trend passes on to the next generations. Brokenness will only raise brokenness.
- 15) The issues with children having problems submitting to authority falls along the same spiritual lines as the answer to question 14. Rejection or other forms of child victimization will produce hurt in a child, hurt will produce anger, and anger coupled with hopelessness sets the stage for rebellion. “Hurting parents will raise hurting children”. If parents are not developing a vision for a Matriarchal and Patriarchal spiritual headship for their family, then problems with children are inevitable.
- 16) Drug or alcohol abuse in families at times can be found as a generational standard because of the habits of senior family members. Even if these habits are no longer visible because the parent has stopped the cycle, it is the spirits of addiction that form a part of the structure of the kingdom of Satan that can continue to tempt younger generations to do the same. The answers to questions 14 and 15 also support drug or alcohol addiction in children.
- 17) When a spouse quits loving their partner but continues to live with them is an example of the soul fracture maturing and becoming more pronounced in the life of the unloving partner. When a person experiences a withdrawal of affection, emotional support, or physical affection, it is due to the personal torment that exists within the soul of the

spouse. The longer soul fractures remain unhealed and broken in the in spouse, the more “rotted” the soul becomes. Rottenness is the opposite of renewalship. Consider the following parable from Jesus Christ:

John 15: 5-8

5“I am the vine; you are the branches. If you remain in me and I in you, you will bear much fruit; apart from me you can do nothing. **6If you do not remain in me, you are like a branch that is thrown away and withers; such branches are picked up, thrown into the fire and burned.** 7If you remain in me and my words remain in you, ask whatever you wish, and it will be done for you. 8This is to my Father’s glory, that you bear much fruit, showing yourselves to be my disciples.

The fact is a branch cannot wither if was not once alive. In this case the state of the spouse, is that they are not just withering in their marriage, but they are withering on the vine of eternal hope also!

- 18) As discussed previously for question 16, any form of addiction is of the result of Satan’s kingdom directly. The result is due to brokenness of the heart in which Satan’s kingdom is projecting its influence. No amount of substance abuse will heal the heart or take away the pain, it may numb it for a short while, but when it comes back it will be more severe than the time before, which feeds the addiction further.
- 19) Attempting or contemplating suicide, is due to severe hopelessness and despair. Because the problem with soul wounding is a spiritual matter that requires the intervention of Jesus Christ, people attempt to place a physical “band aide” on what is a spiritual problem. Physical attempts to challenge spiritual problems is nothing more than “air boxing” the opponent hoping for a knockout punch that will never come. Consider the following scripture:

Ephesians 6: 10-12

10Finally, my brethren, be strong in the Lord, and in the power of his might. 11Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. **12For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.**

We see in the above scripture, that are warfare is not carnal but spiritual. Hope for hopelessness comes through strategic spiritual warfare design to push the kingdom of Satan back and usher in the kingdom of God. Consider the following scripture:

1 Corinthians 4: 20

20For the kingdom of God *is* not in word, but in power.

Power over what? It is power over the kingdom of darkness in which there is no hope.

- 20) Fire starters is another form of addiction similar to drugs and alcohol (See question 16). This individual sees starting fires as a means of dealing with the anxiety of not having the ability to cope with pain and sorrows. All this goes back to broken heartedness that requires healing.
- 21) The addiction to pornography is evidence of direct demonic influence in the realm of the lust of the flesh. This form of addiction derives itself from same the same brokenness as described in questions 16. The person with this spirit activated in their heart, has it there either because they voluntarily submitted themselves to the realm of darkness but are more likely to have partitioning in the soul where dark already exists. Brokenness of the heart is usually the culprit with this addiction as in others.
- 22) When individuals are involved in occult, demonic practices, and any form of secret society, or false religion the problems are much more compounded. Often blood covenants are established through various rituals and children are often dedicated in these rituals even if the child is unaware because of early age. The effects of the influence of occult practices aggravates the demonic conditions with many manifestation occurring in the life of the believer rooted in this evil. No matter how bad the involvement or influence, none of these are beyond the Power of the Living Word of God when it comes against them.
- 23) Satan and his minions will speak into our mind ugly thoughts or give us directives to act out the commands that they wish. The "thought voice" we hear in our minds may seem to be our own thought voice or it could be a discernable different voice. These voices will direct the person to commit acts of homicide, suicide, criminal acts, or other bad things. They will say things to the person repeatedly that they are worthless, that nobody cares for them, that there is no hope for them, that they are unlovable, that they will be lonely, etc.. Studies have shown in brain graphs of activity in the brain in hearing recognition pathways of activity when nothing is being heard audibly. Furthermore, the inner ear may be activated during this event when voices are heard but not audibly by others. This is a clear sign of demonic activity that may be rooted from experiences with Mediums, witchcraft, and occult involvements.
- 24) Humiliation from an embarrassing event is another entry point of Satan's kingdom. This is becoming much more common with school bullying or cyberspace bullying. This type of event is reaching epidemic levels across the world with use of the internet that involves snapchat, youtube, Facebook, and many other social media outlets. This kind of event can absolutely have devastating consequence on the condition of the victim's soul and the ability to recover without supernatural intervention from the Holy Spirit. This is quickly becoming one of the most common entry points of Satan's kingdom.
- 25) See the answer to question 17 above.

- 26) A spouse that refuses to share finance is essentially neglecting and disrespecting their partner. The issue of control and personal self-interest over rides trust, respect, and mutual commitment that strengthens the marriage. This neglect and selfishness is very much rooted in the fracturements of the partner's soul. Neglect of any kind given it's intensity and duration can enable a person to feel worthless and broken hearted. So many marriages exist on the lonely plain of quiet desperation. Heart break is often inevitable in these conditions which again creates an entry point of Satan's kingdom.
- 27) Broken promises can be severe enough to cause anguish in a partner and builds resentment and distrust. If a relationship is already established with mistrust and broken promises, then heart ache is inevitable. Satan will exploit this opportunity to create unforgiveness and resentment to the point that the soul becomes fractured. Again fracturements of the soul are just doorways of demonization.
- 28) No longer being able to trust your spouse is a volcano set to explode! At this stage of the marriage, the spouse is already numb emotionally because of the internal torment in their heart. Satan has again infiltrated into the brokenness generated by the emotion.
- 29) Having an abortion or encouraging another to have one will bring a tremendous amount of shame, guilt, and condemnation once the revelation of the event has taken hold. The spirit of death is invoked during an abortion and this becomes an open door of demonization to the individuals involved. Many women have suffered deeply in their hearts over years from the trauma that seems to grow and develop with time especially as the woman matures in life.
- 30) PTSD in many returning veterans from war, can be helped through healing prayer ministry for the restoration of the soul. PTSD is the result of soul fractures that were created during war. During a crisis, if the stress may exceed the soul's ability to cope, fragmentation of the soul may occur. Victims of broken souls have the potential of believing that they will never be healed or cured. There is hope of being healed of PTSD, but doing so should include an effective prayer and healing ministry. There is healing, through the power of God's kingdom. **Note: If you are taking prescriptions for PTSD or under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**

PART 5: PERSONAL CURRENT STATE

- 1) Depression can manifest from being in a state of hopelessness where the issues of life are so overwhelming, that the person experiencing it, feels they are trapped in an endless cycle anguishing mental contradictions of "what ifs", "why me's" "its not fair" and "if onlys". Many who have been battling depression have been able to overcome their issue through a sustained prayer ministry that brings hope and encouragement. There are tormenting spirits whose sole purpose is to

bring the curse of depression on someone. This curse, like so many others can be broken, through an effective prayer and healing ministry. A broken heart associated with some of event that caused trauma to the soul can lead to depression. Broken heartedness can occur in life through the rejection of loved ones, repeated failures in life, abandonment, significant disappointments, and other similar issues where emotions associated with the event remain unresolved. Healing of the soul to the point of being made whole is a significant component in resolving emotional distress that can lead in some cases to depression. **Note: If you are taking prescriptions for depression or under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**

- 2) There are normal levels of anxiety which are ok because they are natural in potentially pending or stressful situations. However, prolonged and sustained anxiety may be associated with fear potentially induced by past emotionally traumatic events. A person who deals with anxiety repeatedly over a long period may be struggling with past issues that created brokenness within the heart or soul of the individual. Healing of the broken parts of the heart can have a significant impact in reducing or possibility eliminating prolonged and reoccurring anxiety. **Note: If you are taking prescriptions for anxiety or under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**
- 3) Fear of being alone, may be of the result of past emotionally traumatic events. Careful review of any such occurrences where the heart has been broken may be the result of this feeling or condition. As Christian's, our faith should not produce fear, but if fear is present, then this could be the result of demonic oppression. It is very likely, that the cause of this is due to brokenness of the heart due to a personally emotional traumatic event. Deep wound healing through an effective prayer ministry, can improve or remove such feelings like this.
- 4) The causes of Post-Traumatic Stress Disorder (PTSD) is commonly found in returning combat veterans, can also occur for others in different professions such as law enforcement, or may be the result of personal experiences outside the channels of potentially dangerous careers. PTSD is the result of soul fractures that were created during war. During a crisis, the stress may exceed the soul's

ability to cope, fragmentation of the soul may occur. Victims of broken souls have the potential of believing that they will never be healed or cured. There is hope of being healed of PTSD, but doing so should include an effective prayer and healing ministry. There is healing, through the power of God's kingdom in the removal of curses. If you have been diagnosed with PTSD or believe you may have it, it is suggested that you receive the proper medical care and treatment immediately. PTSD can and should also be treated through Christian Ministry Channels in partnership with medical care programs. PTSD appears to accompany broken heartedness associated with deeply emotionally traumatic events in one's past. Soul healing through prayer ministry should be considered in dealing with the symptoms of PTSD. **Note: If you are taking prescriptions for PTSD or under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**

- 5) If you have been diagnosed with Bi-polar disorder, there is hope for recovery. Like other mental health related issues mentioned above, Bi-polar disorder can be associated in certain cases to experiences in one's past that produced emotional trauma or broken heartedness. It is recommended that medical intervention through Psychiatric Services not be ignored, but in conjunction with these services, Christian prayer and healing ministry should also be considered. There is healing through the power of God's kingdom in the removal of curses. The darkness surrounding this condition can be transformed by the Light of God's healing power to both heal the broken heart and to set free that which is captive. **Note: If you are taking prescriptions for PTSD or under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**

- 6) The taking of Psychotropic Medications should not be discontinued unless authorized by your doctor. However if you are taking such medications, the possibility exists that your soul has been traumatically fractured by events in your past. Christian healing and deliverance ministry involves healing these fracturements through prayer which may in turn affect the outcome for your recovery. Everyone wants to be healed and set free when they encounter various sicknesses. There is hope for healing and this is the basis of Christian healing and deliverance ministry. There is healing through the power of God's kingdom in the removal of curses. **Note: If you are taking any kind of psychotropic medication and under a doctor's care, YOU SHOULD CONTINUE**

FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.

- 7) Addictions of any kind (chemical or substance abuse, pornography or any other unhealthy addiction), are definite indicators of the manifested fruit of the kingdom of darkness. Addictions required "doorways" through soul fragmentation for the enemy to manifest his curse of addiction through. Healing and deliverance through Christian Ministry of soul healing can have a dramatic impact on the spirit of addiction. If you are taking any kind of substance that may be harmful to your health, contact a doctor and seek immediate help. But recognize that the problem may also have a spiritual dimension for healing. **Note: If you are under a doctor's care, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**
- 8) See the answer to question 7 for more information. Pornographic addiction is rooted in evil and is a powerful force to overcome. However, there is hope to overcome this addiction. Many people who suffer from this addiction do so because of woundedness in their hearts. As already described, these wounds occur through emotional trauma from the past. This trauma produces tears or fracturements in the soul which enables the kingdom of darkness to curse this addiction on the victim of abuse. The curse can be broken and the brokenness healed so that the bondage of this addiction can be broken.
- 9) Unforgiveness that you may have toward someone else or yourself has spiritual consequences associated with it. Unforgiveness associated with soul fragmentation requires spiritual intervention for healing. Many people suffer from afflictions relating to unforgiveness, and even though the larger whole of the person may have forgiven does not mean that the fragmented part of the soul has. Many demonic curses of health, mammon, and social relationships suffer when there is unforgiveness contained within the broken pieces of someone's heart. In all the cases above, if a soul fracture is involved, unforgiveness contained within is a sure thing. The enemy has access to bring which ever curses he wishes onto the person.
- 10) A clear indicator of demonic manipulation or demonization can be clearly demonstrated in the ability to become easily offended based on a trigger that comes through a word or an action. The clearest sign of demonization within a person is this: When the anger / rage that follows a triggering event, is so

extreme, that it dwarfs the very triggering event. In other words, when there is a disproportionate amount of anger or rage that is released from an apparently minor incident that is unreasonable for the average person in the same situation. Contained within the soul fragment is where all the rage is stored, when one reacts to a given situation, it literally takes hold to the person's emotions as if to hijack them, and sheer anger is expressed. Furthermore, if the soul fragment is based on an incident much earlier in life for the individual, then the behavior and maturity that the soul fragment is based on will also be evident in the "offense episode". This pattern of behavior is almost always evident in many cases listed above and below. The pattern is the product of demonization.

- 11) High and prolonged levels of sadness could be an indicator of soul fracturing. Everyone has bouts of feeling sad, but when sadness settles for long periods that are unreasonable for others in the same condition could imply that the soul has experienced fragmentation. Ask yourself this question, have you been deeply hurt that your life seems to revolve around your pain and has been doing so in a way that you do not believe is normal as compared to how you use to feel. You could be dealing with a wound to the soul that needs healing. Satan's kingdom will often leverage pain associated with sadness to bring on more sadness or to prolong it. If this is how you are feeling, then this may be a clear indicator of woundedness in the soul creating a door way for the enemy to demonize you.
- 12) Nightmares may be an indicator of emotional trauma or soul fracturements. Ask yourself, have you in your past experienced a traumatic event? If yes, then your nightmares may be connected to your trauma. This could be a sign that you are being demonized through these fragmentations.
- 13) Out of body experiences or the sense of having them could be generational curses from forefathers who may have practiced witchcraft or been involved in the occult. This could also be from direct involvement with the two from you directly. Out of body experiences or soul traveling is an occult practice and connected there in with the kingdom of darkness.
- 14) If you have any hatred towards anyone or certain people, then it is probably rooted as either a stronghold or as an experience that led to soul fragmentation. If certain classes of people or person can offend you to the point of hating them, then your soul is broken by the incident and your behavior in hate is the fruit of Satan's kingdom. This requires healing and deliverance found through Christian ministry, so that you can be set free from the curses of Satan's kingdom.
- 15) When parents abuse children, it is because they have suffered abuse also from either their own parents which is common or through others. As the saying goes: "hurting people hurt people" or "broken parents produce broken children". How a child develops at home emotionally, is a very clear indicator of the state of the parents in the household. When children are abused, the parents very often

compete with their own children on an emotional level. The actions of the children from infancy through their entire childhood and even into adulthood, can trigger parents through their own soul fractures, to react to their children as the abused child they were and have in them in the form of a soul fracture, to do the same to their own children. Satan's kingdom wants to work itself down the family tree, and this is done through child abuse. Child abuse is not necessarily abuse defined by Child Protective Services (CPS) because it can be emotional or psychological abuse as much as physical abuse. Abuse is abuse no matter the form, and it rips the souls of those who are exposed to it. Typically the children of parents needing the same healing and deliverance just as the parents do.

- 16) Causal sex outside of marriage or an adulterous sexual encounter can produce "soul ties" between the partners. When sex occurs outside the bonds of marriage, the spiritual dimension of the encounter can be viewed as a USB computer cable downloading spiritual viruses from the host onto a clean hard drive or soul. Soul ties with every partner outside of marriage must be renounced and the associated transfer of curses between partners dealt with through deliverance ministry.
- 17) Hearing voices in the mind may not be your own imagination but a voice. Satan and his minions will speak into your mind ugly thoughts or give us directives to act out the commands that they wish. The "thought voice" we hear in our minds may seem to be our own thought voice or it could be a discernable different voice. These voices will direct the person to commit acts of homicide, suicide, criminal acts, or other bad things. They will say things to the person repeatedly that they are worthless, that nobody cares for them, that there is no hope for them, that they are unlovable, that they will be lonely, etc.. Studies have shown in brain graphs of activity in the brain in hearing recognition pathways of activity when nothing is being heard audibly. Furthermore, the inner ear may be activated during this event when voices are heard but not audibly by others. This is a clear sign of demonic activity that may be rooted from experiences with Mediums, witchcraft, and occult involvements. It may also be the result of woundedness to the heart or soul fracturing.
- 18) Fire starters is another form of addiction similar to drugs and alcohol (See question 16). This individual sees starting fires as a means of dealing with the anxiety of not having the ability to cope with pain and sorrows. All this goes back to broken heartedness that requires healing.
- 19) When individuals are involved in occult, demonic practices, and any form of secret society, or false religion the problems are much more compounded. Often blood covenants are established through various rituals and children are often dedicated in these rituals even if the child is unaware because of early age. The effects of the influence of occult practices aggravates the demonic conditions with many manifestation occurring in the life of the believer rooted in this evil. No

matter how bad the involvement or influence, none of these are beyond the Power of the Living Word of God when it comes against them.

- 20) Any involvement in astrology is associated to the occult. This may or may not be a source for demonization. But if soul fracturing is apparent through other channels of experience, then astrology can aggravate matters as it pertains to demonization. See also the answer to question 20.
- 21) Visiting Fortune Tellers is to mix with the occult which is a part of Satan's kingdom. All Fortune Tellers operate through Satan's kingdom, and involvement with them is to unknowingly open doors into your life through them. If you were involved at any point with Fortune Tellers, then deliverance from their curse is necessary.
- 22) Satan's kingdom brings on curses of health just as was illustrated in the curses that Job experienced in the bible. Jesus Christ and His followers are called to heal the sick. Sickness of any kind is not outside the realm and authority of the power of God's word and the mystery of His kingdom. Soul woundedness being the entry point for demonization is the source of the curse of infirmity.
- 23) Heredity illnesses are linked to generational curses. The bible states in Exodus 34:7 the following:

Exodus 34: 7

Keeping mercy for thousands, forgiving iniquity and transgression and sin, and that will by no means clear *the guilty*; visiting the iniquity of the fathers upon the children, and upon the children's children, unto the third and to the fourth *generation*.

Lamentations 5: 7

Our fathers have sinned, *and are not*; and we have borne their iniquities.

By first becoming whole within the soul, the power and authority of the Word of God can be brought against these curses and the kingdom of darkness that authored them.

- 24) The curse of mammon is the first curse that Satan brought against God's servant Job in the book of Job chapter 1. In a clear majority of cases where Satan's kingdom is cast out of an individual, the curse of mammon is inevitably one that the enemy is forced to renounce prior to his eviction. The curse of mammon and the curse of infirmity are very common in most deliverance settings. In every case, Satan's kingdom is forced to renounce these.
- 25) Codependency as it pertains to relationships is based on fear and insecurity. Fear and insecurity are derived from the kingdom of darkness and operate within

the channels of brokenness in the heart of an individual who suffers from codependency. Codependent people are usually not whole within their soul and depend on others for emotional sustainment. Did not make us to be sustainers of others for their emotional needs although many believe this. God the father who is the father to the fatherless and the husband to the widow, His Son Jesus Christ our High Priest, and the Holy Spirit our Comforter, should be our source for emotional sustainment through our trust in them. Broken hearted people have strong holds built up in them through the window pane of their brokenness by which they attempt to interpret how their needs may be met. Healing the broken heart and getting set free from the imprisonment of the spirit of codependency can occur through effective healing and deliverance ministry.

- 26) Haunted homes or the sense that bad spirits are following you is also a sign of demonization. Although some spirits are territorial from a terrestrial sense, others can surround a person primarily because of their involvement in the occult or ancestral involvement. If you sense and believe your environment is contaminated with beings from the kingdom of darkness, the repentance, healing, and renouncing are in order.
- 27) Eating disorders of any kind is very often due to soul woundedness or fragmentation. Eating disorders are common with those who have been rejected, abandoned, humiliated, or victimized in some manner. There are spirits of gluttony, of starvation, and bulimia and all are part of Satan's kingdom. These spirits operate through channel of a broken heart or soul. . **Note: If you are under a doctor's care for a eating disorder, YOU SHOULD CONTINUE FOLLOWING ALL THE GUIDELINES THAT ARE SUGGESTED FOR TREATMENT. However, nothing should prevent you from also receiving prayer and healing from a Christian ministry while under a doctor's care. If you have any concerns before receiving support from Healing Christian Ministry, contact your doctor or primary care specialist.**
- 28) Being hurt by a church, that causes one to drift away from church or God falls in play with Satan's plan. In the book of Revelations chapters 2 and 3, Jesus refers to dead churches, corrupt churches, compromising churches, loveless churches, and lukewarm churches that need repentance because of their doctrinal sins that do exactly what has happened to many who have fallen away. There are only two churches that Jesus gives approval of, which is the persecuted church and the faithful church in which He finds no fault against and loves. If your soul was broken due to a church from your past, remember Jesus shares in your sufferings as you do and longs to see His church become His true body. You need to see this type of event as a healing one. Once healed, you will once again hunger to be back in the gathering of the saints.
