- This cost must be approved by Sewage System Owner prior to sample process.

Agreement Terms and Understanding

1. The Sewage System Owner acknowledges receipt of a copy of the Owner's Manual including the Standards of Good Practice for the operation and the use of the Equipment and agrees to comply with the recommendations contained therein and to ensure that the daily design sewage flow rate is not exceeded.
2. The Maintenance Provider shall service and maintain the Equipment in accordance with the specifications and instructions of the equipment manufacturer as published at the time of installation.
3. The INSPECTION SERVICE is to be carried out by Cromar Environmental or its Authorized Maintenance Provider and is only on the BioBarrier® unit. The inspection service terms and conditions are that, from the activation date of the BioBarrier® or from date of occupancy permit or whichever is soonest, there shall be regular six month inspections of mechanical and electrical components as well as effluent quality consisting of a visual check for colour, turbidity, scum overflow and examination for odours. The Maintenance Provider will notify the Owner of the conditions and if necessary, provide an estimated cost of any repairs and parts that may not be covered by manufacturer warranty. The costs of repairs must be approved by the Owner before repairs are conducted.
4. The Maintenance Provider shall provide qualified workmen to perform the routine inspection and adjustment of components essential to the functioning of the Equipment and to repair or replace parts as required. Parts under warranty from the Manufacturer shall be replaced under the terms of the warranty.
5. Not included in this agreement are the costs of (1) pumping out of the Equipment, and (2) the sampling/testing of effluents, if required, (3) replacements parts not covered by warranty or repairs caused by incorrect installation. In the event that the Maintenance Provider incurs the costs of pumping out, sampling, testing, or replacement parts & labour, the incurred costs shall be charged to Owner.
6. Sewage System Owner shall guarantee to the Maintenance Provider free and safe access to the Equipment. In the event(s), such as an animal, locked gate, access risers covered by sod, stones or mulch impede access to the Equipment, the service personnel shall not service the Equipment and a Return Service Call Fee shall apply if approved by Owner.
7. The Sewage System Owner shall pay for the services. Non-payment terminates this agreement effective upon date of non-payment. This agreement shall be reinstated upon payment of delinquent fees. Fees do not include Provincial or Federal taxes, when and where applicable.
8. The Sewage System Owner agrees to abide by the written recommendations of the Maintenance Provider for the operation, service frequency, pump-out frequency, maintenance, and repair of the Equipment, notwithstanding that the Owner shall adhere to the terms of any applicable laws or regulations.
9. The Maintenance Provider shall not be held liable or responsible for any loss or damage resulting from the service and/or maintenance performed hereunder or delays in servicing the Equipment due to any cause whatsoever.
10. This agreement becomes active from the date signed or upon receipt by Maintenance Provider of the annual fee prepaid, and shall be binding on their heirs, successor, or assigns. Upon receipt of the mutually agreed annual service fee for the following year, this agreement shall be renewed for an additional one year. In the event of transfer of title of the property, any unused time of this agreement is automatically transferred to the new Operator/Owner. The Sewage System Owner shall advise the next Owner of the terms of this Service and Maintenance Agreement.

*****Both Pages of this agreement must be received by the Sewage System Owner*****
