

Universal Compressed Air
Delivering Compressed Air as a Utility

Universal Compressed Air Welcomes Dalton Keba as Business Operations Specialist

January 31, 2023

Universal Compressed Air (UCA), a Pennsylvania-based provider of innovative compressed air systems, welcomes Dalton Keba as Business Operations Specialist. Reporting to Sam Piazza Jr., Vice President of Business Operations, Dalton will be assisting in sales support, proposals, sourcing, and other sustaining commercial activities.

Dalton was born and raised in the Lehigh Valley area and graduated with honors from Penn State University in 2020 with a B.S. in Materials Science and Engineering and a certificate in Business Fundamentals. Dalton has experience with a variety of industries including glass and ceramics which he brings from his last role as a Ceramic Engineer at Corning Inc.

Dalton likes to live an active lifestyle, he can often be found kayaking, hiking and fishing in the warmer months, and running and lifting weights the rest of the year. He has recently picked up hand embroidery as another hobby.
