

Universal Compressed Air
Delivering Compressed Air as a Utility

Universal Compressed Air Welcomes Senior Sales Managers Wendy DiMino and Tim Sohnlein

July 2, 2020

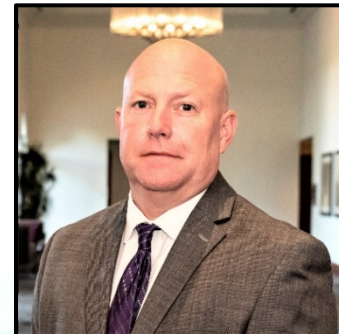

UCA is pleased to introduce Wendy DiMino and Tim Sohnlein who have recently joined our team as Senior Sales Managers to support the increasing demand for PIPELINE AIR™.

Wendy and Tim have a wealth of experience in compressed air system solutions and have effectively managed numerous corporate accounts. They will deliver outstanding client satisfaction, develop long-term partnerships and provide customers with the most reliable and efficient systems. They strive to find creative, sustainable solutions that will improve the efficiency of compressed air systems to maximize customers' savings.

About Universal Compressed Air: UCA brings decades of Industrial Gas expertise to Compressed Air Supply Systems. The systems are optimized to deliver compressed air as a utility and, in every case, we will design an efficient and reliable solution built to maximize savings. As a compressed air supplier, the systems are proven, trusted, and designed to optimize the end user's success. By choosing UCA's Pipeline Air, large air users benefit from a solution tailored to their site's specific requirements.
