

**UEI: JF8XVQ8NDWV3**  
**CAGE: 9VUB1**

JCP Cert # 0089756; ITAR # M51212

## CAPABILITIES STATEMENT

Over 30 years of experience manufacturing components for military equipment, aircraft, and spacecraft. We produce made-to-print components with our in-house capabilities in CNC milling and turning. To support broader program needs, we operate under a hybrid model, leveraging a network of qualified suppliers/partners for related services. This approach enables us to deliver a wide range of products through a single, dependable source, minimizing the burden of managing multiple vendors.

Small Company, Big Minds! With senior management experience, we take a strategic approach to manufacturing and supply chain operations that goes beyond compliance – we actively apply these principles to drive operational excellence.

### PAST PERFORMANCE:

Backed by industry experience, we are uniquely positioned to deliver superior solutions. Our leadership has worked on projects involving:

- military aircraft spares
- unmanned air vehicles
- helicopter parts
- valves and regulators
- commercial OEM parts

### DIFFERENTIATOR:

Hybrid Model:

- Direct control over quality and lead time through in-house machining.
- Scalability and versatility through our established manufacturing network.
- Deep experience in AS9100, Lean Manufacturing, and Supply Chain Optimization.

### COMPETENCIES:

In-House Capabilities:

- CNC Milling
- CNC Turning

Supply Chain Capabilities:

- 5-Axis Vertical Machining
- Water Jet Cutting
- Welding
- Punching & Forming
- Paint Booth Finishing
- Electro-Mechanical Assembly

332710- Machine Shops  
332721 Precision Turned Product  
332722 Bolt, Nut, Screw, Rivet and Washer  
332613 Spring  
332510 Hardware

332911 Industrial Valve  
332991 Ball and Roller Bearing  
336413 Other Aircraft Part and Auxiliary Equipment  
336415 Guided Missile and Space Vehicle Propulsion  
339991 Gasket, Packing, and Sealing Device  
336412 Aircraft Engine and Engine Parts

**Apr 2025, we purchased a machine  
shop & have a new address!**
