

AUGUST NEWS 2017

Fall Lessons

While August starts out as a summer month for our students, it quickly transitions into preparing for the new school year by month's end. We strongly recommend that as summer comes to a close, parents get their kids back to a weekly music lesson routine BEFORE they start the school year to help get the brain back into learning mode.

Studies have shown that music has a strong positive effect on the learning process and test scores. This is the perfect time to start getting in mental shape for school. It's also a really good time to secure the preferred day and time for music lessons with your Key Mobile Music teacher. If your teacher hasn't contacted you yet, feel free to phone them or send an email about September lessons. Please contact the office if you need assistance (780-569-5010).

Key Mobile Music would like to wish all of our students, parents, and teachers a fabulous 2017-2018 school year!

Spring Recital Highlights!

In May we ran three successful recitals at the Red Willow Community Church with 47 participants. We are very proud of each and every student who performed at the recitals. Many thanks to all students, teachers and parents for sharing your passion and love for music. We are looking forward to see all students' performances at our next recital.
