Geneva Airport Arrivals: MIGROS supermarket in Terminal

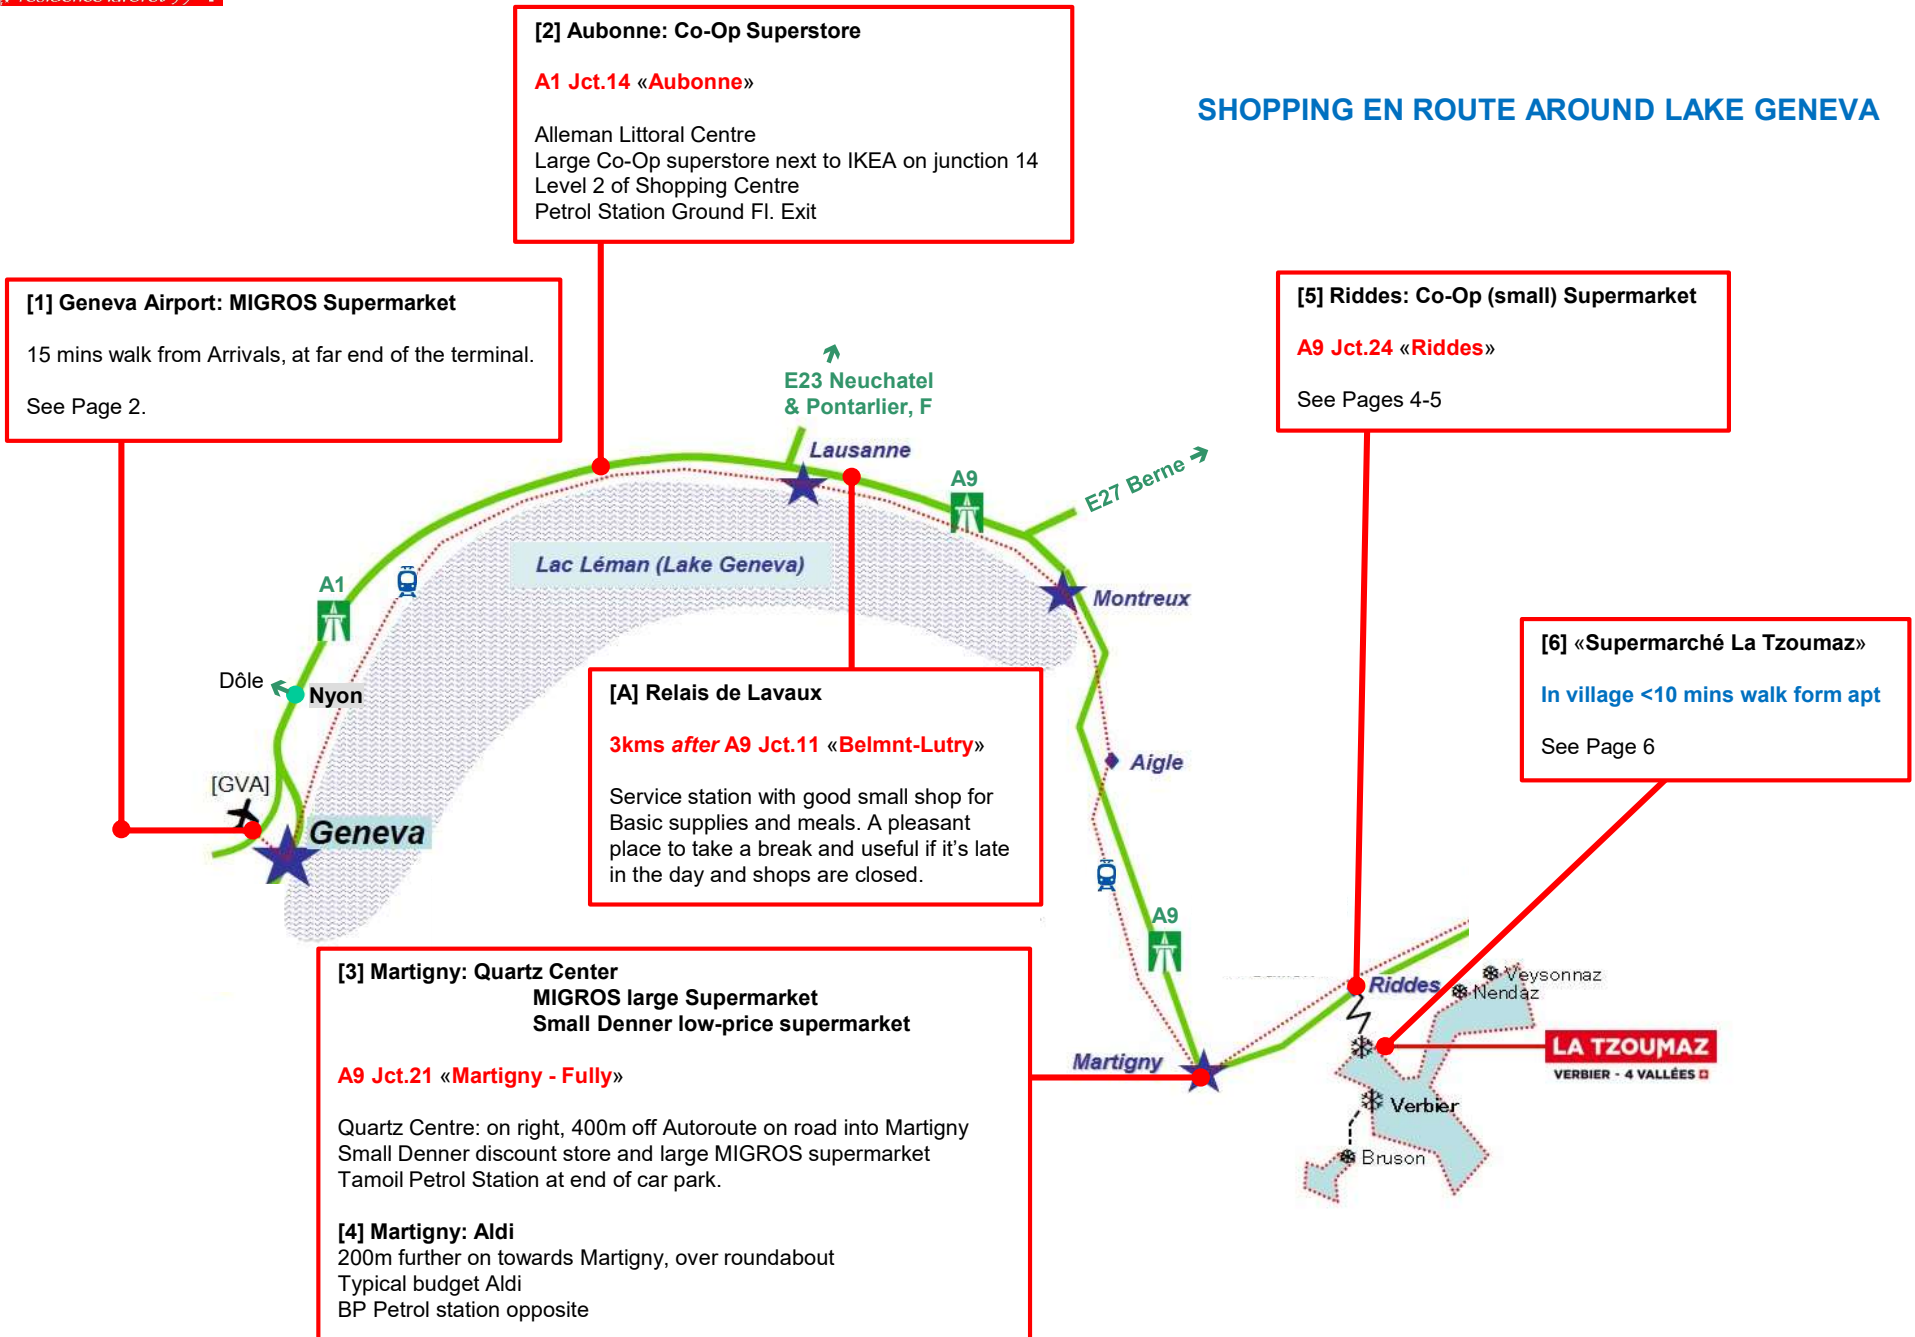

MIGROS

If it's Sunday, and you need to shop, the Migros at the end of the second concourse is one of the few supermarkets that will be open. Most supermarkets and superstores close on Sundays in Switzerland. In high season, the village supermarket will be open until around 18:30. However, it's a fairly long walk in the opposite direction to the Car hire desks and parking.

If you need cash, there are UBS ATMs (left) towards the train station and (right) a PostFinance ATM in the corridor, outside a small post office, en route to the Car Hire desks.
