

Evacado EV Co-op Customer Brochure

Evacado EV Co-op

A Smarter, Fairer Way to Power Your EV

Become part of a community that owns and grows the future of home EV charging.

Page 1 - Welcome to the Co-op

The Evacado EV Co-op gives everyday EV drivers the chance to become part-owners of a growing charging network. Instead of big corporations taking all the profit, our members share in 49% of the business.

You get reliable charging, priority service, and a yearly dividend - all from one simple membership.

Page 2 - How It Works

- We install and manage home EV chargers across the UK.
- You buy **one membership share**.
- You become part-owner of the company.
- Each year, you receive a share of **49% of our profits**.

It's simple, transparent, and built for everyday EV drivers.

Page 3 - Your Investment

- **49 total members**
- **One share each**
- **£5,000-£5,102 per share**
- **49% ownership shared equally**

This makes every member equal - one share, one vote, one dividend.

Page 4 - Your Annual Dividend

Example:

- If Evacado earns **£100,000 profit**, members receive **£49,000**.
- Each member gets **£1,000**.

That's a **20-26% return** on a £5,000 share.
