

A small effort at an individual level brings a great change in the whole Universe if the effort has an ingredient of conviction, determination and a good intention!

- Gandhian movement

Good Afternoon Heartfelt Colleagues !

Who has to play what role to save and sustain?

Attitude of the person lifting baby and **selfless, expelling, visionary** attributes of baby as he or she keep growing. Anyone's complacent view can create the path to become more thorny.

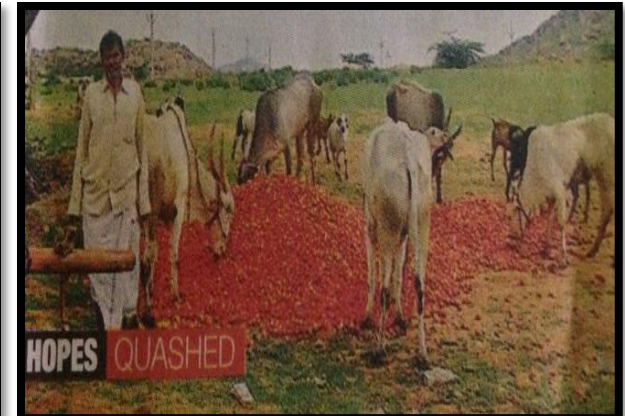

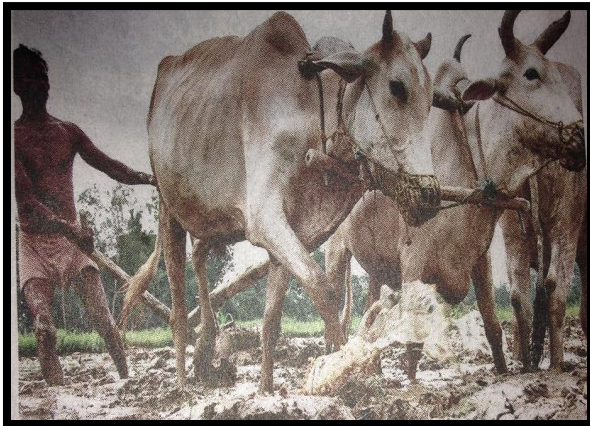

But above all, is water body and fauna in water and the stick to hold are cooperative?
These **invisible portions of iceberg create foundation and truly depicts culture of organization.**
So while we lift baby with one hand, the other hand should quickly and sharply handle other jobs underneath, with limited energy the body has to support both the hands.
How much energy we **distribute and where it goes** also matters.

CHANGE IS INEVITABLE!

**Before change changes you, you accept
it and positively challenge the change !**

Farmer – a great Leader naturally !

- ☐ Drive a big team of micro ecosystem
- ☐ He is early to rise
- ☐ He sows in abundance to reap in abundance
- ☐ Very patient and unselfish, allowing his crops to grow and mature
- ☐ Diligent in nurturing his fields
- ☐ Protects his land
- ☐ Holds himself accountable for his yield
- ☐ High level goals – Societal

SOW A THOUGHT – APPLY CONVICTION- SPRAY ENERGY – REAP VISION

IT IS A GREAT OPPORTUNITY TO WORK FOR FARMERS

Behavioral Patterns

Pre- Job

Job

Post- Job

Expected Behavioral Pattern:

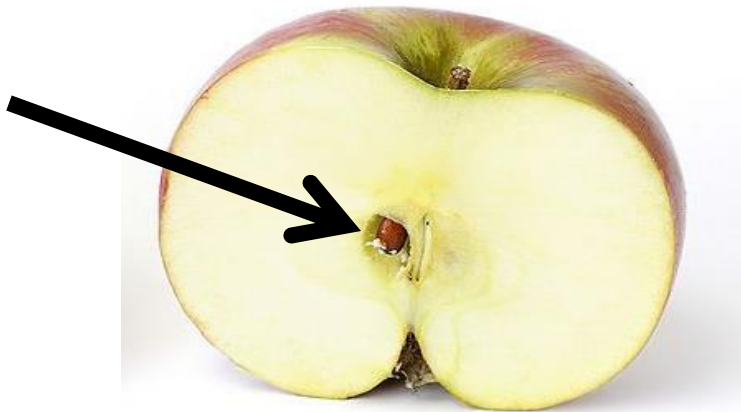

A PROBLEM ?

- Throw the seed (Ignore)? – Sustainability ?

OR

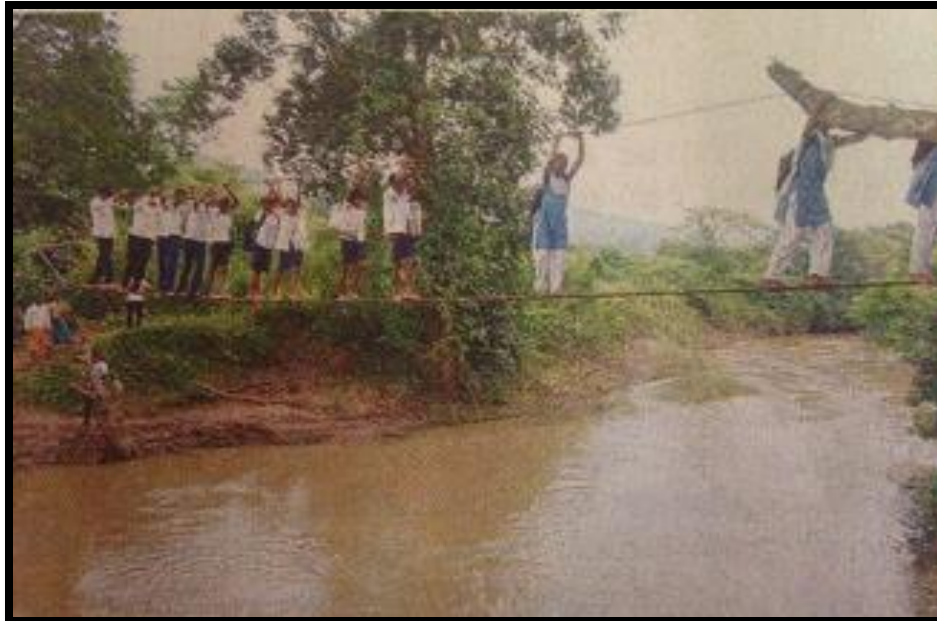

AN OPPORTUNITY ?

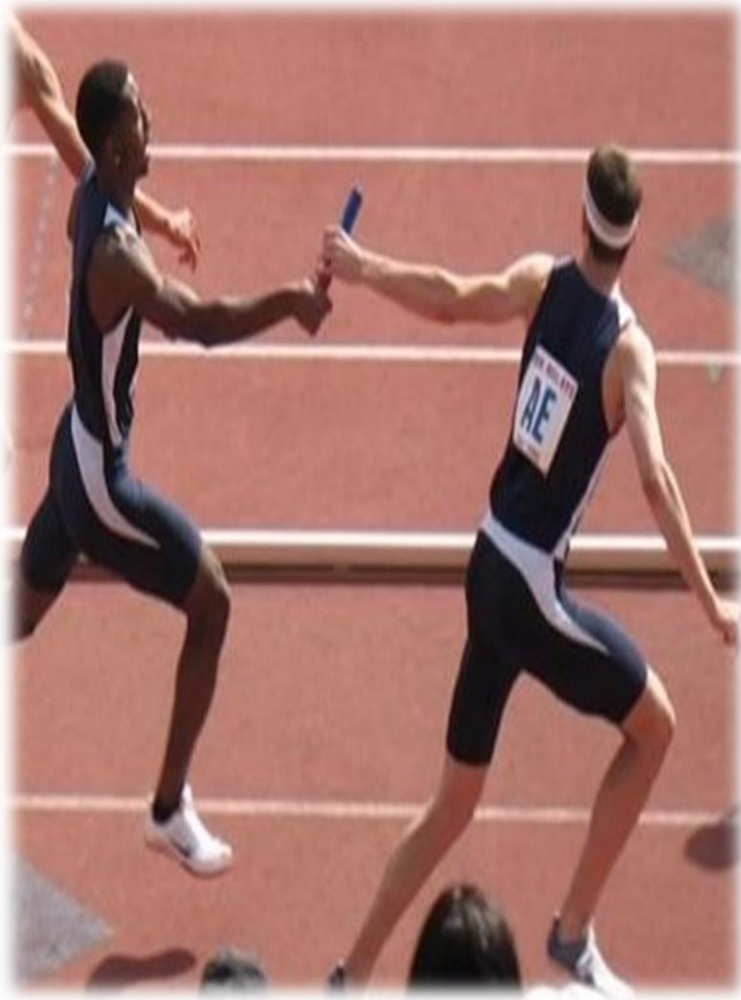

- Sow the seed (Accept and Act)? Sustainability ?

Problem or an Opportunity ?

HOW TO CONVERT OPPORTUNITY IN TO A SOLUTION ?

- ✓ Self driven & motivated by team
- ✓ No opponent to stop you
- ✓ Every individual has a role to play
- ✓ Own unique methodology to follow
- ✓ Network with each other
- ✓ Claps from audience

– Win the game !

CONVICTION – DETERMINATION – ACTION - IMPACT

Should we limit to our goals ?

Look at Organizational goals

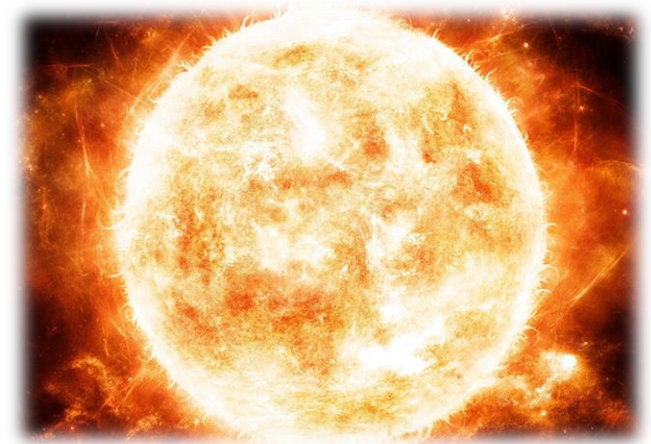

Consider societal responsibilities

Follow pragmatic approaches

Driven by Self motivation

Role or Role model ?

Be true-to-type

Are we living for this only?

You do this – Our behaviour will surely advance!

What you have to do?

Love your life and job
Be Humorous
Good food habits- Talk to your body
Go for walk everyday (Free air and energy)
Help others with a smile
Be and understand yourself everyday
Spend quality time with your family
Experience or connect with nature or God
Appreciate yourself for the good work

Zero cost

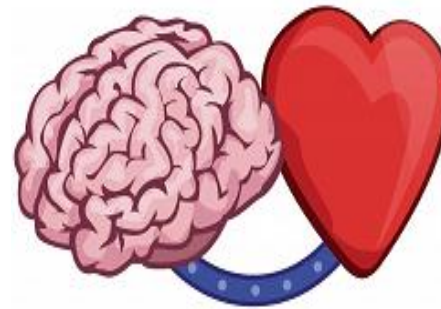

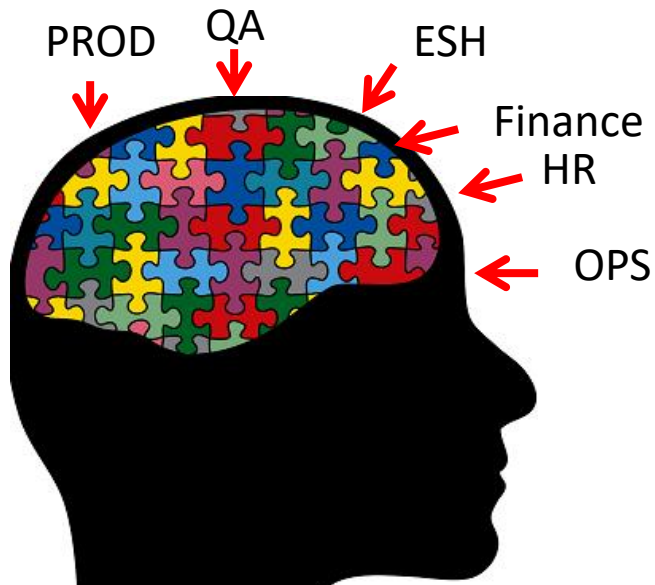

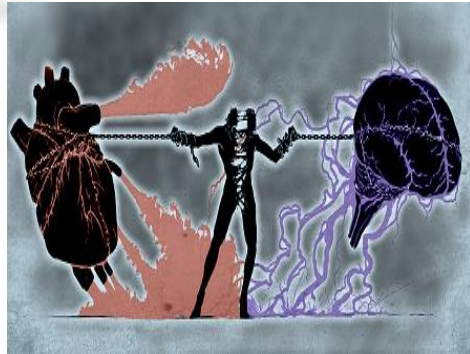

What we all get?

Smile on your face always
More expressive and more +ve thoughts
Use more positive words
Look at opportunities (not problems)
Appreciate others
Thank others even for small things
Self motivated
Be healthy (Physically, mentally and Spiritually)
Enjoy the whole day and whole life

Full of + ve Energy

Whatever you think, that you will be. If you think yourselves weak, weak you will be; if you think yourselves strong, strong you will be

Shift the gear- Apply our third gear – Bodily- Mindfully – Heartfully (Honesty)

Boarding time: 18:00

How to think differently?

- Be Creative in thinking
- Be Proactive in thinking
- Be Supportive in thinking
- Be collaborative in thinking
- Have Quality thinking
- But be **addictive** in Positive thinking

HAVE A NON – VIOLENT COMMUNICATION THROUGH OUT!

Planning helps us tremendously for quality thinking
If we plan, we can walk and win.
If we don't plan, we will run and loose. (5-S) (PDCA)

Innovation

- ❖ **Innovation x Comfort (these two are enemies)**
- ❖ **Innovation requires meticulous observation**
- ❖ **Innovation comes by connecting irrelevant things in mind**
- ❖ **Innovation emerges out of deep necessity**
- ❖ **Innovation requires a pure (selfless and deeper) thought process**
