

TV Screensaver for Real Estate Photos

Turning your TV into a work of Art will enhance the feel of the room. A black TV screen will pick up visible reflections when the TV is turned off.

This works on most TVs...

YouTube Screensaver on a Smart TV:

- Turn on your Smart TV and open the **YouTube app**. If you don't have YouTube, go to Apps and search for YouTube, add YouTube app.
- Search for "Art Screensavers" and pick what you think will enhance the feel of the room. **Try to match the Screensaver to your Décor...**
 - Rustic Décor - search "Cowboy Art"
 - Beach Properties – search "Beach Art"
 - Lake Properties – search "Lake Art"
 - *Please do not choose "Fireplace" as it does not look good in photos.*
- To stay on continuously, choose a **long-duration video** with still Art Images. *Please do not choose a live action video as this will blur in the photos.*
- Select the video and press **Play**.
- Set your TV's **Sleep Timer / Auto Power Off** to **Off** or a longer time, if your TV allows it.
- Turn off any settings that automatically stop playback after inactivity.
