ABOUT ME

Born and raised in Ruther Glen, Virginia, I have spent my entire life in the Central Virginia area. I grew up dancing in my local dance studio and competing in local and regional dance competitions. In high school, I began studying musical theatre with Virginia Repertory Theatre in their pre-professional acting training program. I then came to college originally for musical theatre, but upon taking my first music class I found that was where my passion was. Since then I have been working on mastering my craft and aiming to learn all that I can about music and the music industry.
