

Royal Academy of Dance (RAD) Classes

At Just Imagine we do not believe in syllabus only teaching. Therefore, the RAD Exam Programme is a separate extra offering with its own focus and outcome, an optional supplement to pupils' ballet training at Just Imagine. If you are unsure about suitability for your child, please contact the office and we will be able to guide and advise you. RAD is very inclusive and there are options for all students.

As well as getting excellent marks in their technique, Just Imagine students regularly get commended for their creativity, musicality, and performance quality. The combination of our programmes ensures our students cover technical precision alongside artistic interpretation, creativity, and performance! We believe we are unlike any other Dance School in this respect.
