

What does a Great Bike Fit do for YOU?

Let's look to Anthony Gallo for his feedback:

"For those beginners and experienced triathletes or cyclists, I just wanted to pass on a recommendation! Checkout - <https://OZBike.Fit> <https://OZEndurance.Coach>

Kevin Whaley provides numerous endurance sports services. I've used his bike fitting services. This fitting was my yearly check up on my Tri-bike. I couldn't be happier! Kevin took his time and used his expertise to properly analyze, measure, and develop the set-up on my Argon 18 Tri-bike. I have been on a few rides since then and I can already feel the difference in my rides and training, especially my comfort and performance. Again, Kevin's experience speaks volumes, but he also has all the advanced and proper training in numerous areas of cycling and endurance sport's to evaluate an athletes proper set-up on a bike and provide knowledge on how to ride and train. Just visiting his website alone has a lot of useful information! I definitely endorse Kevin Whaley's services at OZ Bike Fit and OZ Endurance Coaching."

As a follow up to Anthony's review and feedback on his bike fitting experience, I want to highlight his most recent Triathlon performance. There isn't a lot of words needed as you can see it in his ride and his race in these pictures of his race, Summer Round Up Triathlon.

Anthony PR'd his race by 6 minutes, in the Olympic distance Triathlon. He increased his average bike speed, place 3rd in his age group, and 21st overall. I think you can see in his set up on his bike. You can see it in his face how good he felt coming off the bike. And you can see it in his face finishing the race about to cross the finish line!

Anthony is a hardworking Husband and Father. He is also a dedicated athlete and has an amazing outlook on life. I want to congratulate Anthony on his PODIUM this past weekend!

Let me help you reach your goals with a proper BIKE FITTING, ENDURANCE COACHING, or even Bike Tech/Maintenance as well.

In honor of Anthony's accomplishment, here is a 10% OFF code on you Bike Fitting scheduled with the remaining days of July 2021. Mention this code at during your session for 10% OFF your bike fitting session to include any components or accessories purchased during the session. Code: FASTGallo
