Webb End-User Guide

SUMMARY

SCREEN SAVER

The purpose of this guide is to show how to use the Webb Vision Entry System…

DIAL BY CODE

You can dial directly by CODE if you know it by entering it here and clicking the GREEN Call button.

DIRECTORY SEARCH

Press the title to sort by item (EX. FIRST NAME sorts by first name) ⬆ ⬇		
LAST NAME	FIRST NAME	DIAL CODE
.	Colin & Kelly	📞 1418
.	.	📞 9998
1605	FLA & MA	📞 27
1609	Joel & Amanda	📞 272

Press the GREEN button for the person you want to call. You can use your finger to scroll up and down the directory. You can also use the Arrow up or Arrow Down to scroll. The screen is PRESSURE sensitive so
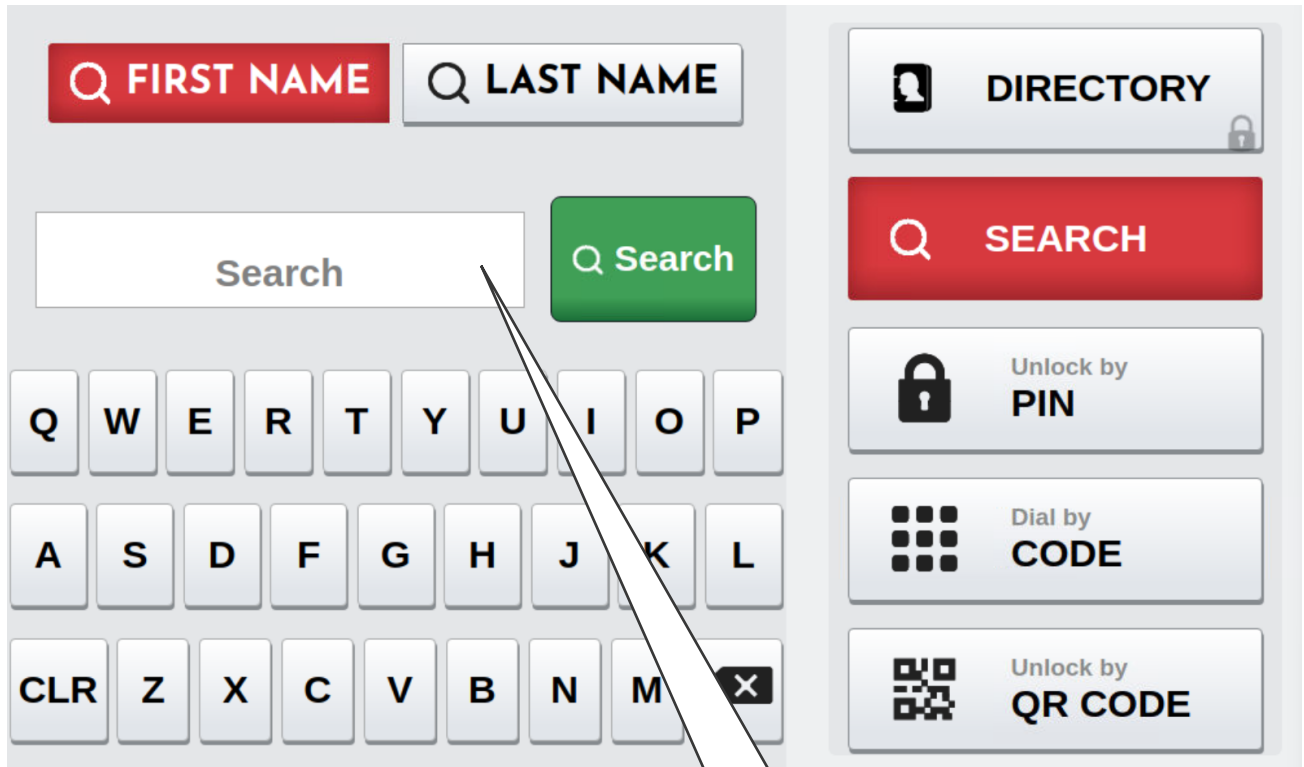

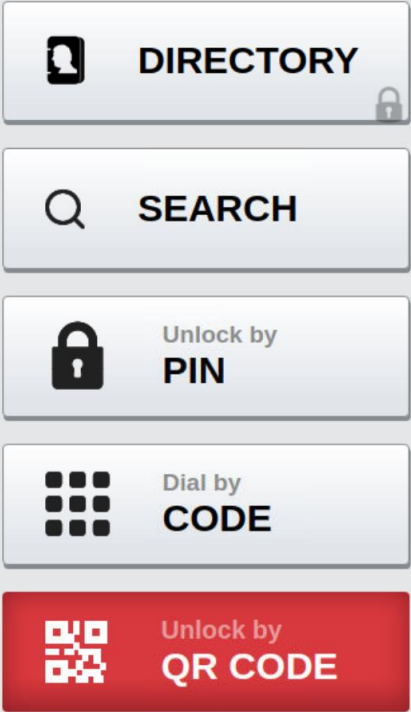

You can search by LAST NAME, FIRST NAME Then click SEARCH and click the GREEN button to dial
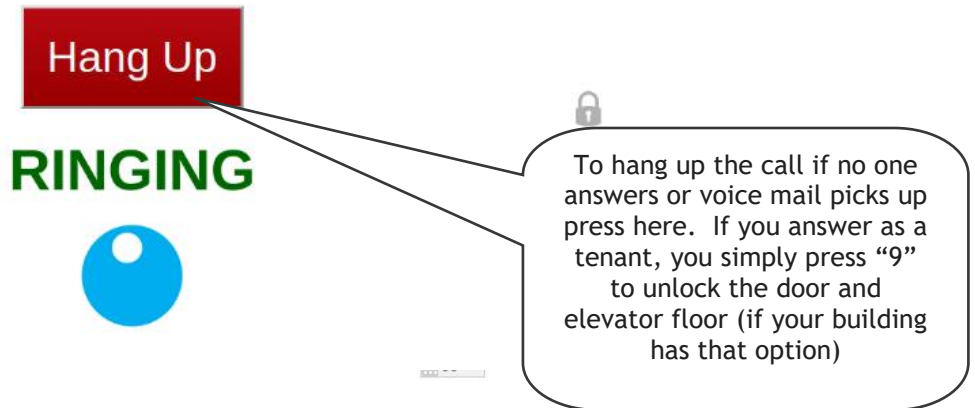

VISITOR QR CODE ACCESS

Please note if the code does not scan correctly you may need to turn the brightness on your phone higher.
If the code does not scan right away, please remove the code from the image and try again.

Unlock by
PIN

Dial by
CODE

Unlock by
QR CODE

If your visitor has been sent a QR code for temporary access the put the QR code from your phone in the SQUARE so the camera can see it and the system will grant access.

FOR NON-APP CALLS (ie via phone line)

Calling Scott (ipad) Knutsen

Hang Up

RINGING

To hang up the call if no one answers or voice mail picks up press here. If you answer as a tenant, you simply press "9" to unlock the door and elevator floor (if your building has that option)

Calling Scott (ipad) Knutsen

Hang Up

CONNECTED

If the call is connected it will indicate it here. The call will disconnect automatically when the tenant opens the door.

USING THE APP FROM THE [PLAY STORE](#) OR THE [APP STORE](#)

The Webb Vision products have an app option which can be found on the

PLAY STORE https://play.google.com/store/apps/details?id=com.webb.webb_video_flutter

or the

APP STORE https://apps.apple.com/ca/app/webb-entryphone/id1552302051

(or search for Webb Entryphone).

The app is free, but the service is requiring your building subscribe to get the service. This allows the tenants to have to two-way audio-video with the entry phones in the building.
