

Athletes Love BEMER

LOUIE VITO

Professional Snowboarding, Olympian, and Winter X Games Competitor

"In snowboarding, you take a lot of slams, and I couldn't be happier with this partnership. I don't go snowboarding without using my BEMER first, and I don't go to the gym without using it first either."

BRITTANY BOWE

5x Speed Skating World Champion, Olympian, World Record Holder

"BEMER plays a critical role in my recovery process and helps aid quick turnaround time between training and competitions. By improving my circulation with BEMER, I am able to recover faster and train harder."

MIKE WEIR

Professional Golfer & Masters Champion

"With years of competition and training taking a toll, BEMER has helped elevate my recovery to the next level, while also becoming a critical part of my preventative care routine. For me, there's nothing quite like it."

JIMMY CHIN

Professional Climber, Photographer, and Academy Award-Winning Film Director

"BEMER has improved my recovery times, muscle conditioning, and endurance."

TYSON MCGUFFIN

World's Top-Ranked Pickleball Player

"I've been using BEMER, and whether it's working out in the gym, running a 6-hour camp, or playing an 8-hour tournament, I've seen a huge difference in my overall energy, vitality, and endurance."

REBECCA RUSCH

Endurance Pro Athlete & 7x World Champion

"I really love the simplicity of BEMER. It is an easy way to promote recovery anywhere at any time which has been incredibly useful when my expeditions require me to travel. Thank you BEMER, for improving my circulation, recovery, and overall lifestyle."

Why Does Healthy Blood Circulation Matter?

Oxygenated red blood cells carry oxygen and nutrients through the arteries and capillaries to all the organs of the body. As the blood provides oxygen and nutrients to the cells, the cells in turn transfer carbon dioxide to the red blood cells and waste products are then removed via the veins."

What is BEMER?

BEMER is a biophysical treatment that activates the body's self-regulatory mechanisms to support optimal health. A patented biorhythmic impulse is sent to the body stimulating a temporary increase of local blood flow and enhanced muscular performance.

BEMER Enhances:

- Nutrient and Oxygen Delivery
- Local Blood Flow
- Waste Removal
- Muscle Conditioning
- Performance
- Physical Fitness
- Muscular Strength
- Endurance and Energy
- Vitality and Well-Being
- Stress Reduction and Relaxation
- Sleep Management

All it takes is 8 min | 2 times a day

BEMER does not provide any medical advice or services. This device is not intended to diagnose, treat, cure or prevent any disease. It should not be used for any purpose other than as described in the user manual. Please consult your own healthcare provider if you have any medical issues.

BEMER improves circulation by up to 30%

B.BOX

The B.BOX is a touch screen computer with two plug-in ports allowing for a seamless application.

B.SPOT

The B.SPOT is designed for targeted body area application, such as the leg, arm or shoulder.
