

My Preschool Schedule

6:30 to 9:30 – Welcome & Learning Center Exploration

I get into my classroom, and we have a delicious and very nutritious breakfast.

Then, I greet my friends as they come into the classroom, while I am exploring my classroom learning centers. I use my

imagination in the dramatic play area, or I build new worlds in the blocks and Legos section. These among other great, fun, and educating activities.

9:30 to 10:00 – Circle Time

This is when we get together as a whole class. We do the calendar, talk about the weather, the letter and/or theme of the week, and say the Pledge. We

usually read a book during this time. We also do literacy and math activities, games, songs, etc. This is a great time to participate, connect and talk.

10:00 to 10:30 – Snack

Around this time, my friends and I usually go to the restroom as a group, and we all wash our hands before snack. Then we have snack time together. We like socialize and talk

during this times. If we are done early, we are allowed to choose from a few “quiet choices” (reading, writing, drawing, puzzles, etc.).

10:30 to 11:00 – Literacy Centers/Art

We get to go by small groups to different literacy and art centers during this time. We get to go to our classroom library and chose a book to read, or we go to our writing center to explore some letters and sounds. We also get to do some art and crafts. We love to use our imagination.

11:00 to 11:30 – Outside Play

This is my favorite part of the day. We get to use the playground for free play during this time if the weather allows us. We do movement and gross motor play inside if we can't go outside.

11:30 to 12:15 – Lunch

We all sit down for lunch, chatting and eating together. If we are done early, we can choose some quiet choices. We always clean up after ourselves.

12:15 to 2:15 – Naptime

This is the time we get to rest, and have a quiet time to re-energize ourselves for the rest of the day.

2:15 to 3:00 – Snack

As we are waking up, we sit at the tables to have our second snack time together. We like socialize and talk during this times. If we are done early, we are allowed to choose from a few “quiet choices” (reading, writing, drawing, puzzles, etc.).

3:00 to 3:30 – Story Time

We make sure everyone's packed up and ready to go home. Then it's time for one more read aloud, and recall what we have learned during the day.

3:30 to 6:00 – Free play

During this time we get to use the playground for free play. If we stay inside, we do movement and gross motor play again, and we also get to go to our play centers. This is a fun part of the day because I get to play, and use my imagination together with my friends. We have some much Fun!!!
