CAPABILITY STATEMENT

About Velocity Tech Services

Velocity Tech Services is a full-service IT provider and certified Small Business Enterprise, headquartered in a federally designated HUBZone near MacDill Air Force Base in St. Petersburg, Florida. Our location and footprint position us to support mission-critical agencies nationwide with secure, agile, and cost-effective solutions.

With over two decades of experience, we deliver managed services, network engineering, cloud migration, cybersecurity, infrastructure optimization, IT procurement, and 24/7 U.S.-based support. Unlike traditional vendors, we maintain in-house expertise and infrastructure to deliver solutions aligned with each client's operational and compliance needs.

Whether driving digital transformation or deploying turnkey infrastructure, Velocity delivers results with technical skill and customer-first values.

The Velocity Difference

• **Federal HUBZone:** Strategically based near MacDill AFB, enabling rapid logistics and supporting socioeconomic goals
• **SBE Certified:** Small Business Enterprise providing procurement flexibility to agencies with supplier diversity targets
• **Real IT Infrastructure:** We maintain internal labs, tools, and certified technicians
• **OEM-Authorized Distribution:** Sourcing via authorized channels ensures authenticity, warranty, and pricing integrity
• **Public-Sector Procurement:** We align with FAR, state-level compliance, and agency-specific acquisition workflows
• **End-to-End Fulfillment:** From purchase order to configuration, imaging, asset tagging, and post-deployment support
• **Customer-Centric Service:** Tailored to agency needs with responsive support and accountable delivery
• **Secure Operations:** We build solutions that meet cybersecurity, data protection, and operational resilience standards.
