TELLIT APP

Bellalago & Isles of Bellalago to Pilot a New Incident Reporting Application

Ever spotted a burned-out streetlamp or an empty pet waste station and weren't sure who to tell? Tellit takes the guesswork out—making it quick and easy to report community issues right from your mobile phone using Tellit!

PILOT PROGRAM

Bellalago & Isles of Bellalago has been selected to pilot a new incident reporting app! From now until October 31, residents are invited to beta-test app features, report issues, and provide feedback to the developers. We're proud to help launch this innovation right here at home!

BETA-TESTERS NEEDED

Who We're Looking For:
- Outdoor enthusiasts and observant residents who frequently notice things like landscaping problems, damaged amenities, or maintenance issues.

What You'll Do as a Pilot Participant:
- Install the Tellit app on your mobile device
- Report issues you observe in the community
- Share constructive feedback and ideas to help improve the app

HOW DO I SIGN UP?

To participate, email your name to **Pilot@tellit-project.com.** More information on submitting reports and a registration code will be sent to you prior to the launch date.

Help shape a more efficient and connected Bellalago — where mobile access makes it easier to report issues, speed up repairs, and strengthen community involvement.
