

## **Club Environmental/Service Projects**

### **Make or collect items needed for children leaving their home's and/or entering foster care**

Furnish assisted living and other crafters with materials, perhaps repurposing clothing or cloth scraps for quilting or yarn for crocheting or knitting to be made into lap warmers. These small blankets could be given to the rescue missions or juvenile intake centers to go to children entering the foster care system. Other items needed for these children can be found at [wch.org](http://wch.org). This children's home is located in Wichita KS. Other homes may be located throughout the state of Kansas.

Suitcases, backpacks and other items to carry their belongings would be nice.

[wch.org](http://wch.org)

### **Collect for recycling and purchase for Service Project**

Collect used tires and plastic taking them to a recycling center such as the recycling center in Concordia Kansas. Then purchase the finished tables and benches to be placed in parks and close to businesses.

## **Concordia, KS Recycling Guide - Recycling Tips and Information**

<https://www.myyp.com/guide/concordia,ks/recycling-guide>

Clean a stretch of highway. Check with KDOT for proper procedures. This is both [environmental and a service project](#)
