ABOUT US

What We Do

Our past projects include both Building Projects & infrastructure . Occupied and fully operational job sites are never a problem. And we can also plan, manage, and build multi-phase jobs.

Working Together

We offer an end-to-end client experience that includes seamless communication, budgeting, staffing, on-site organization, and solid, quality handiwork every time.

Why Choose Us?

We have worked with homeowners and designers to produce work we think you'll love. Call us today and bring our project management skills and extensive construction experience to your next project.

Overview

RTC delivers world-class engineering & construction services. We are young pioneers in the Indian infrastructure industry. Continuing our legacy of innovation, we achieve new milestones with every endeavor. RTC is responsible for landmark projects that have defined the country's progress. Surging ahead with presence in multiple sectors and involvement in revolutionary projects, we are creating opportunities for everyone..

RTC has a strong commitment towards the safety of the people it interacts and has dealings with and, hence, we take extreme precaution with every piece of infrastructure we build. We believe in possibilities. Every RTC initiative hopes to empower the lives of the people connected to it. The progress of our people powers the progress of our company. Every accomplishment becomes a foundation for us to do better, to dream bigger, and create a better future. Our responsibility, as industry leaders, drives us to be bold and embrace tougher challenges.....
