ALTAR Q BY OSCAR VALLADARES

Altar Q Sumatra

In our passion and interest for our Honduran ancient roots, especially the Mayan Empire in Copan, which have a fascinating story and its where the tobacco roots came from, we created our rendition to the most important monument in Mayan history "Altar Q". Altar Q is a special cigar packed in a 16-count box that is a replica of the altar imagery and concept of the monument itself. Each cigar represents one of the 16 Copan rulers and they are placed in the same order that they appear in the monument.
