Going into a trade lets you follow a dream that is outside of the norm of a college education. Through all the hardships you will endure, this will develop your character. With that, Rat Rod Round-Up wants to help those following these passions by supporting the winner of this scholarship \$1,000 towards their career goals.

ON SEPERATE PAPER, ANSWER THE FOLLOWING QUESTIONS:

- What specific trade are you going into and what inspired you to pursue it?
- What impact do you hope to achieve through your service to others?
- What is your financial need to pursue your career goals? (e.g., tools, equipment, tuition fees, etc.)

Applicants will not be judged by GPA. Attendance, however, may be a critical rule out element.

To be considered for a scholarship, requesting students must fill this application out to the best of their ability and return it before the deadline. If the student passes the first screening of applications, they will be called in for an interview. Interviews are designed to follow normal interview protocols for employment and will be held the first week of May in Sutherlin with some of our committee members who work in a trade.
