

May 9, 2024

I hope that you and your family have had a safe and prosperous year! Our SSPOA team has been working hard to enlist new members, to plan for park improvements/maintenance and to get ready to use at least some of our beaches this summer.

Please be sure to have your children and grandchildren come by the park and use our new playground equipment. The park is great for picnics, and we plan to add some areas for limited sporting activities (horseshoes, bags, volleyball, etc.). In addition, we are in the process of planning some events in the park and would like your input. Please call or email any of the board members with your suggestions and questions.

As we all know, our beautiful beaches have been the victim of erosion. Our only remaining neighborhood beach is the East Beach. It's small, but it's a private beach for homeowners to enjoy! The planned rock revetment work at our East beach has been delayed according to the Berrien County Drain Commissioner. As soon as we get an update we will let you know.

We currently **have just over half of our Sunset shore property owners engaged as association members**. We would like to see more neighbors join. Your voice matters and we can do more for the community if more of us participate.

Our communication Director has provided frequent association updates on our Sunset Shores Facebook page and on our Sunset Shores property association website. We have email addresses for many of you but would like to get any updates to both your email address and your telephone number if possible. Please subscribe to our FB page and visit our website for the latest information.

As previously mentioned, our fall food drive was particularly successful, and it shows how supportive our Sunset Shores community can be!

Thank you for being great neighbors and let us know if you have any questions. The date for our Spring meeting: Saturday, May 11, 2024 at 11:00 am eastern, New Buffalo Library.

Sincerely,

### **The Sunset Shores Property Owners Association**
