

CLAIRE ECKARD

GERIBO, The Shelter Cat is a narrative written from the perspective of an adventurous kitty who is sharing his knowledge about the animal shelter as he explores the walls within.

Geribo's adventures take him from the adoption rooms to the fundraising department as this orange tabby meets employees, volunteers, and fellow four-legged friends along the way. In this sweet story, Geribo also faces his own fears and insecurities about why he feels he hasn't been adopted, while also being happy for a senior dog that finds his forever home.
