Gallant: The Call of the Trail is a gripping journey of a young girl and a foal who are raised together in The Valley of Hearts Delight. Gallant and Gracie have a special bond, rarely seen between a human and a horse. Separated by a bad accident when Gallant is five, each gets a second chance of happiness pursuing the long-distance sport of endurance riding, neither knowing they are leading parallel lives. Will Fate bring them together again? Gallant's arch nemesis, The Almighty Flash, threatens to destroy all that Gallant has worked for. His misguided ambition and greed, developed at the hands of an abusive owner, has created a darkness in his soul that turns to blind fury when his endurance career is threatened.
