SEAT CUSHION + BACK FILL OPTIONS

Standard Fill: We offer five seat cushion and three back fill options with varying levels of support. Refer to the individual style in this price list for both the style-specific standard seat/back fill as well as charges for changing the standard seat/back fill.

Slipcovered Ottoman Top Fill: Due to slipcover ottoman construction, optional fill for cushion tops is not available.

Environmental Impact: Committed to environmental stewardship, all foam cushion cores incorporate BioHR (high resiliency - 1.8 minimum density) polyols derived from natural, renewable soy beans. When compared to traditional petroleum based polyols, BioHR requires less non-renewable energy to manufacture, emits less global warming emissions, and reduces the industry consumption of petroleum.

California Requirements: We use flame-retardant-free cushions, foam, and decking that has been tested and approved by CertiPUR-US® to meet standards for content, emissions, and durability to ensure consumer safety and environmental stewardship. Per this new regulation, and effective January 1, 2015, all of our products are now labeled as CA TB117-2013 compliant.
