

The Shadowland Academy
Young artists. Made in the Hudson Valley.

Shadowland Academy offers classes for youth in many aspects of the theatre arts, including acting, voice, movement, stagecraft, writing and more.

Study in the theatre arts contributes not only to students' appreciation of literature and the theater, but is also beneficial to their understanding of the human condition and instills in them the importance of both group and individual responsibility.

The Academy currently offers a Spring and Fall semester. Fall semester classes end with performances on Shadowland's main stage!
