

Next Generation Payment Solutions

Not your ordinary merchant
services provider

Built for Government Agencies

Most merchant service providers treat payment processing like a commodity. PathPoint is different. Designed exclusively for local governments and seamlessly integrated with Xpress Bill Pay, PathPoint turns complex payment management into a simple, streamlined experience.

Case Study

A municipal finance officer was overwhelmed by chargebacks and the hunt for missing deposits. After moving to PathPoint, she used the Xpress Bill Pay transaction ID to instantly surface discrepancies and resolve chargebacks in minutes. These two capabilities alone made PathPoint more effective than any traditional merchant services provider she'd used.

Why Agencies Choose PathPoint

Seamless Integration with Xpress Bill Pay
Transaction IDs ensure instant reconciliation.

Real-Time Visibility
Instantly retrieve transaction-level data and identify missing deposits.

Powerful Reporting & Batch Processing
Filter by date, type, or ID; batch reports mirror Xpress Bill Pay in 24-hour windows.

Simplified Chargeback Management
Five-step workflow pre-populated with Xpress Bill Pay data, plus rebuttal letter wizard.

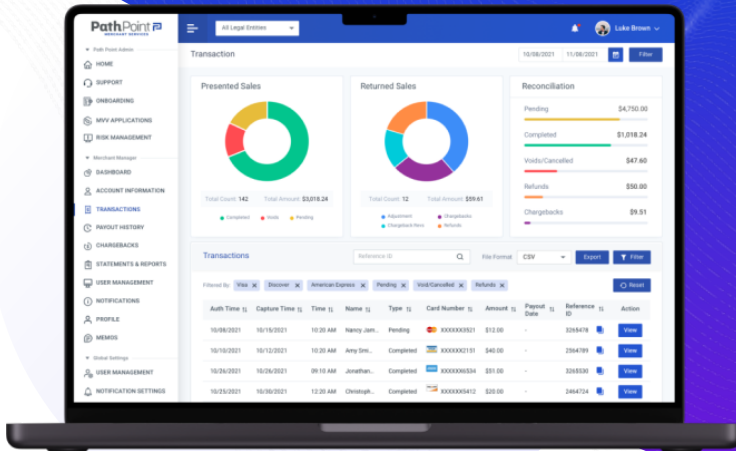

Trusted by Thousands of Local Government Agencies

- **Exemplary customer service** from a team that understands public-sector workflows.
- **Built specifically for government needs**—not retrofitted from retail.
- **Unlike big providers** that serve everyone the same way, PathPoint is purpose-built for government finance, reconciliation, and audit readiness.

Core Strengths for Government

Seamless Integration with Xpress Bill Pay

Single sign-on with existing credentials; automatic pass-through of the **Xpress Bill Pay Transaction ID**; unified environment for billing, collections, reconciliation, and reporting.

Chargeback Management Made Easy

Same-day notifications; choose to **challenge or concede**; one-click **five-step** challenge process pre-populated with receipts, invoices, and history from Xpress Bill Pay; integrated **rebuttal letter wizard** to submit to the bank.

Simple, Reliable Reconciliation

Automatic mapping between Xpress Bill Pay and PathPoint; easily distinguish recurring payments; eliminate manual matching and reduce close-out time.

Real-Time Transaction Visibility

Retrieve transaction-level data on demand; identify missing or incomplete deposits with the Blue Check Report (traces authorization to deposit); full visibility without juggling multiple systems.

Detailed Batch Processing

Batch detail reports mirror Xpress Bill Pay in **24-hour windows**; reference every transaction by **Xpress Bill Pay ID**; faster reconciliation, clean audits, and straightforward transfers.

Designed for Government Workflows

Role-based access; clear statements and logs for faster month-end close; purpose-built roadmap with Xpress Bill Pay.
