My Writing Buddy

The Short Road to Shadows on Amazon

This week I'd love to introduce you to my friend, Heidi Hess. We have known each other for at least 30 years now. We met in High School in the Drama Department. It's no wonder the two of us became writers after living through the drama of high school. Heidi is not only an amazing author, but she puts on an incredible writing festival (see below for more info). Her short story collection is awesome. Here is my review:

Each story takes you on a fresh adventure through your mind.

1. *Elusive Green* starts off innocuous enough, but quickly transforms into a different dimension. The way Heidi Hess creates a fantastical journey when the Elusive Green finally takes over.

2. *Real Fiction* is my favorite story in this book. What would happen if your stories came to life? Would you want to live that life? Or would you choose to stay put? Danielle (the author) has to also choose love over fame. Brilliant way to tell this story.

3. *Jose's Way* is so cool. I don't want to spoil it, but you will love who Jose is.

4. *Lightning Strikes* could be a romance or a tragedy. Izzie is a powerful woman.

5. *The Collector* is a heart-wrenching story. I couldn't put it down and I wanted to know more about James and his mission. He's going to Germany during World War 2. I'm crying just thinking about this part of the story.

6. *Break* is such a mind f---. I have no words for the scariness that was in that story. Don't go to the basement!!!

Each story is original. Each story gives you a new perspective of things that happen in the shadows! WOW! What a book . . .
