To Whom it May Concern

I am writing in support of one of favorite students Britton Barefoot. I feel honored that she has asked me to say a few words on her behalf. I would like to share what I know about her as a student, an athlete and a member of our community. I especially would like to highly recommend her for whatever program she is applying.

Britten has been an outstanding student at Baker High School for four years. She has earned a 3.8 grade point average because of her hard work and diligence as a student. This work ethic during her time was reflected when she earned a score of 26 on her ACT. Her attendance is remarkable, and her discipline record is clean.

As a student athlete, she excels as well. She is a member of our soccer team and shows great leadership on the team. She is a great teammate and very coachable. The sacrifices she makes to be at practice and the discipline to work through the pain and suffering of this sport are second to none. She is one of the hardest workers on the team.

Britten, as a member of our community, has a part-time job at Publix, regularly attends church and in her spare time volunteers at the community senior citizen's home. Her actions as a person scream louder than any words, I can use to describe her.

I highly recommend her and if you have any questions, feel free to call or email me  
251-221-3000 ext. 10018 or [jconnick@mcpss.com](mailto:jconnick@mcpss.com).

Sincerely,

Mr. Joseph V. Connick IV  
Assistant Principal  
Baker High School
